WAS BLOWN UP NEAR METHUEN

Quantity of Dynamite Buried in Dirt With Fuses Laid Across Tracks

Discovery by Police Blocks Plot To Wreck Many Cars—One Car Blown Up

LOWELL, May 15.—A quantity of dynamite buried in the dirt with fuses laid across the street car tracks, was found by the police near Cook's corner, Methuen, early today. Cars from Haverhill with workers for the textile mills here, where a strike has been in progress for more than three months, pass over the Cook's corner route and the first car was due a short time after the discovery of the explosive.

A few hours previously a work car, carrying only the motorman and conductor, was wrecked by an explosion in another section of Methuen. This led the police to examine the tracks throughout the city with the result that dynamite was found near Cook's corner. The work car was running extra and it is thought that the explosive which it set off, had been placed in position after the last regular car had passed for the purpose of blowing up an early morning car loaded with operatives on the way to the mills.

WORLD VERY SMALL PLACE, AFTER ALL

Perhaps no event has more strongly brought out the saying that the world is a small place, after all, than has the world war with its call for thousands of people to leave their homes and mingle with other thousands who have similarly left theirs in the common cause of patriotism.

One instance of this fact of distinct local interest is that in which Miss Etta Frazier, a Lowell girl who went overseas as a Red Cross nurse, figured. In the course of her duties during the war period, Miss Frazier was stationed for a time at Rouen, France, and was called upon to nurse Sapper Cornelius Pierce, who had been severely gassed. Miss Frazier learned that her patient had family connections here in Lowell, although his home was in Bath, Somerset, England. He had two sisters in this city, Miss Louise Pierce and Mrs. Arthur Bennett of 3 Quimby avenue. Miss Pierce is employed as a clerk by Cameron Bros., confectioners, of 155 Middlesex street. Sapper Pierce also had another sister in Boston, and his mother, wife and three sons in England. Despite Miss Frazier's care and the skill of the medical officers at Rouen, Sapper Pierce was sent to his home in England as incurable.

Before going overseas, Miss Frazier was connected with the Rogers Hall school.

PUT DYNAMITE ON CAR TRACK

Dastardly Attempt on Lives of Lowell Police on Way From Lawrence

Plotters' Calculations Miscalculated—Car Smashed, Motorman Seriously Injured

What is believed to have been an attempt, last night, at Glen Forest, to kill or seriously injure a squad of ten Lowell policemen on their way from Lawrence to this city resulted in the partial demolition of a car and serious injury to a motorman.

Many officers and patrolmen from Lowell and other cities had been on duty in Lawrence since the big strike started and inasmuch as they had been relieved from duty, the Lawrence police planned a farewell banquet in their honor. The event was staged last night and the Lowell men aver that the affair was good enough to make them forget even an attempt on their lives by the strikers or strike sympathizers.

It seems that the package containing the dynamite was placed on the tracks at Glen Forest, the would-be murderers evidently thinking that the Lowell men would come home on the last Lowell-Lawrence car. Their calculations miscarried, however, inasmuch as the Lowell car had already passed the danger point.

The dynamite was finally exploded by a car bound for the No. Lowell turnout. The car was pretty badly wrecked and the motorman, Fred Greenwood, was seriously injured when a piece of steel rail was forced through the floor of the vestibule, striking his right leg. Luckily there were no passengers on the car, which was making its final trip back to Lawrence.

Many of the windows of the car were shattered, and about three feet of track blown out. The front trucks of the car were also badly damaged. The wrecking crew was called to the scene, and the damaged trolley was taken into the Lawrence car barn.

His Honor Mayor Thompson, Supt. Welch, Commissioner Donnelly and Chief Conway of the Cartridge Co. force also attended the banquet, making the trip by auto. Several talented speakers were present, and a high tribute was paid to the police officers of Lowell and the other cities whose men have assisted the Lawrence police in enforcing order during the strike.

THIS IS BETTER
THAN WE THOUGHT
There has been a 31 per cent. increase in building operations in Lowell within the past year, according to an official report received at the office of the building department at city hall from the federal government. The report is based on the number of permits taken from the local office in April, 1918, in comparison with April, 1919.

A year ago there were 83 building permits issued from the local office for structures whose total cost was estimated at \$75,000. Last April there were 122 permits issued, the estimated cost of the construction being \$161,040.

CASE POSTPONED
The case of Frederick Chisholm, the Plumber's union, a motion for injunction against the Plumber's union, which was scheduled to be heard at the court in equity yesterday, was postponed until tomorrow. The motion was filed with Justice Chase, but in order to give both sides a little time for the preparation of the case, the hearing was postponed for a couple of days.

Lowell Cotton Mill Operatives to Ask For 15 Per Cent Increase

Request To Be Presented Today or Tomorrow—Increase Would Affect About 25,000 Operatives in Lowell—Movement For Increase Is Nation Wide

The cotton mill operatives of this city through the Lowell Textile council, an organization composed of unions affiliated with the United Textile Workers of America, will present a request for a 15 per cent increase in wages, so it was learned this afternoon. The request if granted, will affect about 25,000 employees and will become operative June 2.

The movement for a 15 per cent increase in wages is nation wide with the United Textile Workers of America, in an endeavor to make up for the six hours lost through the enforcement of the 48-hour week. It will be remembered that last February when the United Textile Workers of America presented a demand to the textile manufacturers for a 48-hour week, the question of wages was not included, it being stated at that time that the wage question would be taken up later. It is expected that the mill officials will receive the demand this evening or tomorrow.

MANCHESTER WORKERS REQUEST INCREASE

MANCHESTER, N. H., May 15.—A request for an increase of 15 per cent in wages to go into effect June 2, was sent to the cotton textile mills of this city employing 20,000 members of the United Textile Workers of America this morning. In the communication from the textile council, it is declared that the request is part of a nation wide demand of the international union and that under no circumstances is a local union or textile council permitted to change the amount of increase demanded. The textile workers here, 15,000 of whom are employed by the Amoskeag Manufacturing Co., received a general advance last year and the 18 hour week a few weeks ago.

REBUFF FOR THE GERMANS

Big Four Refuses To Consider Note in International Labor Legislation

Clemenceau Answers Enemy Chief—Note Says Millions of Germans Facing Death

PARIS, Wednesday, May 14.—The Council of Four has declined to consider the note from Count von Brockdorff-Rantzau, chief of the German peace mission, relative to international labor legislation. In a note sent to the German delegation today, M. Clemenceau, president of the peace conference, says that the allied and associated governments are "of the opinion that their decisions give satisfaction to the anxiety which the German delegate professes for social justice and insure the realization of reforms which the working classes have more than ever a right to expect after the cruel trial to which the world has been subjected during the last five years."

Text of Clemenceau's Note
The text of the reply follows:
Sir: I have the honor to acknowledge the receipt of your letter of May 10 in regard to international labor legislation, together with a draft of an international agreement on labor.

DIRIGIBLE AT ST. JOHN'S, N. F.

C-5 Makes Fast Time in First Leg of Trip From Montauk Point

Lands After Being in Air Over 25 Hours—Order Only Delays Start Across

ST. JOHN'S, N. F., May 15.—The American naval dirigible C-5, scheduled for a possible non-stop flight from this port to the British Isles, arrived here today after a day and night cruise from Montauk Point, N. Y. The blimp had been in the air 25 hours and 10 minutes.

The C-5 reached the Golddivi anchorage at 1:45 p. m., Greenwich 13:15 a. m. New York time. The start from Montauk Point was made at 8 a. m. yesterday.

The clear weather which prevailed throughout the balloon's cruise from Montauk Point yesterday was succeeded by fog and rain. The Chicago's radio operator received both telegraph and telephone messages from the blimp this morning. The telephone was in distinct but the telegraph flash said that the blimp's navigator had made an error in reckoning his bearings. A few minutes later word was received that the course had been corrected and that the blimp was proceeding toward the anchorage here.

The C-5 was ready for a flight across the Atlantic, her commander, Lieut. Commander Coll declared as he stepped out of the basket. Both the crew and the machine stood the trip well, he said. As yet, he added, no orders had been issued for future movements.

With Lieut. D. P. Campbell at the wheel, the big bag made a perfect landing within the narrow confines of the old wharf field used as an anchorage. It had been seeking St. John's for several hours, its radio out of commission, and the last few miles of the journey were made by following the railroad track.

Troubles began shortly after midnight when the sky became overcast. Before that time the balloonists had operated under a full moon, flying at an altitude of 1000 feet. They lost their bearing when approaching Miramichi, about 170 miles from St. John's.

Lieut. Commander Coll described the trip as the roughest he had ever made. He gave credit for completion of the voyage largely to Lieut. Campbell and Lieut. J. V. Lawrence, both of whom, he said, were weary "and almost seasick," but stuck to their posts.

SAYS BREWING OF 2 3-4 PER CENT BEER ILLEGAL

WASHINGTON, May 15.—Raymond

that the brewing of beer containing 2 3/4 per cent alcohol is illegal, has been given by Attorney General Palmer to Internal Revenue Commissioner Roper, but officials explained that it would not operate to stop the manufacture of this beer pending a decision by the federal district court of New York in a case now under consideration.

The internal revenue bureau asked for an opinion as to the sale of revenue stamps for beer containing one-half of 1 per cent of alcohol and more, making of which the internal revenue bureau has held to be prohibited.

The beer manufacturing situation is complicated by the fact that the revenue collecting aspect is distinct from that of whether manufacture is illegal under the food control measure and executive regulations. Internal Revenue collecting aspect is distinct from the attorney general's opinion under consideration but declined to state officially what action he might take under it.

NC-4 IS FORCED TO RETURN

Left Halifax For Trepassey To Join Sister Ships For "Big Hop"

Forced To Descend—Com. Towers Says Start May Be Made Tonight

HALIFAX, N. S., May 15.—The American seaplane NC-4 left today for Trepassey, N. P., to join the NC-1 and NC-3 for the transatlantic flight. The craft started for Trepassey at 10:05 a. m. (9:05 New York time) after circling over the city.

The NC-4 returned here at 11:15 a. m. (10:15 New York time.)

The NC-4 was forced to descend 25 miles east of this port. She took the air again for the return trip.

May Hop Tonight

TREPASSEY, N. P., May 15.—Commander John H. Towers, chief of the American seaplane division, announced today that the NC-1 and NC-3 might start before nightfall for the Azores. The commander stated that if the NC-4 left Trepassey 12 hours later than her sister planes she would be able to make the flight to Lisbon in their company. The transatlantic voyage could not be delayed much longer, he said, because the destroyers in the warship patrol were exhausting their fuel.

Azores Ready for Planes
PONTA DEL GADO, Tuesday, May 13. (By the Associated Press).—The meteorological reports between the Azores and Newfoundland predicted good weather for tomorrow with strong northwesterly winds.

Destroyers stretched out at 50-mile intervals along the course will emit heavy black smoke during the day of the flight of the NC planes and will burn flares and shoot star shells at night. At no time will the seaplanes be more than 30 minutes flying distance from a destroyer. A destroyer will be able to reach a plane, if it is forced to alight, within an hour.

The planes will fly direct to Ponta Del Gado and land in the bay. If they are unable to complete the journey, however, they will land at Horta, 150 miles from here, where the cruiser Columbus is stationed with supplies to facilitate the continuance of the flight to Ponta Del Gado. The planes will remain moored here over night and will be overhauled, if necessary, before proceeding to Lisbon. The destroyer tender Melville, which is in the harbor here has aboard a crew of aviator mechanics, six extra Liberty motors, extra gasoline, propellers and other supplies.

Fourteen destroyers will be stationed between this port and Lisbon. Three already are in position and the others will leave here tomorrow.

The cruiser Rochester sailed yesterday for Lisbon. On board was Rear Admiral Charles F. Plunkett, commander of the United States destroyer force, whose flagship heretofore has been the Melville.

BARRE SUNK—CAPTAIN AND WIFE LOST

PLYMOUTH, May 15.—The loss of Captain O'Brien and his wife Margaret, by the sinking of the barge Whitehead, was reported by the tug Col. John P. Gurney, which put in here today. The tug, with two barges bound from New York for Boston with coal, was off here early today, when the wind suddenly shifted to a heavy easterly gale that forced her to run for this harbor. In the rough sea of the Whitehead, the second barge of the tow, went down three miles north of Brant Rock and it is supposed the captain and his wife were drowned in the cabin.

The forward barge, the A. Sydney Davidson, was awash when the tug captain learned that something was wrong with his tow, turned back to investigate. William Hutchins of New Bedford, the only man on the Davidson, was rescued by a line thrown him from the tug.

The Whitehead carried 1000 tons of coal. The other barge was still afloat today and will probably be saved.

GAVE HER LIFE FOR COUNTRY

England Pays Tribute to
Edith Cavell, Nurse Ex-
ecuted by Germans

Body Laid at Rest After
Impressive Services at
Westminster Abbey

LONDON, May 13. (By the Associated Press.)—England today paid tribute to Edith Cavell, the English nurse executed by the Germans at Brussels, Oct. 12, 1915. The body, en route from Brussels to her native village of Norwich, was taken to Westminster Abbey for an impressive memorial service.

It was a public funeral in which it seemed, every resident of the great metropolis endeavored to participate. The streets through which the cortege moved were congested with crowds and every inch of standing room in the neighborhood of the abbey was occupied by a densely massed multitude which was eager to do reverent homage to "that brave woman" as the bishop of London described her, "who deserves a great deal from the British empire."

High Officials Present

The congregation at the abbey included high officials of the government, representatives of foreign countries and men prominent in many walks of life. King George was represented by the Earl of Athlone, brother of Queen Mary. The service was conducted by the dean of Westminster. No address was delivered. The opening sentences of the burial service were sung by the choir, which then sang the 23d psalm and a short lesson from the revelations of St. John. Then came Sullivan's anthem: "Tea, Though I Walk Through the Valley of the Shadow of Death, and I Heard a Voice from Heaven."

The Litany, the Lord's Prayer and two collects were then repeated, followed by the hymn "Abide With Me." The benediction was then pronounced and the last post and reveille were sounded.

The service which began at noon, lasted half an hour. The procession left the abbey to the strains of Chopin's funeral march and proceeded to the station, where the coffin of plain oak was placed on a train for Norwich.

On the coffin was the simple inscription: "Edith Cavell. Born Dec. 4, 1865. Died Oct. 12, 1915."

Body Laid at Rest

At Norwich the coffin was placed on a gun carriage and taken to Norwich cathedral. The service was officially designated "For the funeral of Edith Cavell, a nurse who gave her life for her countrymen." As the coffin was taken into the cathedral, the hymn, "Now the Laborer's Task is O'er" was followed by the reading of the lesson: 1 Peter, 11:19, by Canon Dechnar. Then came the anthem: "I Know That My Redeemer Liveth" and Chopin's funeral march. While the hymn, "A Brief Life is Here Our Portion" was being sung, the procession formed for the march to the grave. There the latter portion of the burial service was conducted by the bishop, and the hymn, "Abide With Me," which Miss Cavell repeated shortly before her execution by the Germans, was sung. The benediction was then pronounced and the bugle sounded the last post.

The party which accompanied the body from Brussels to Norwich included eight members of Miss Cavell's family and prominent British and Belgian officials.

Doctor Advised Change of Climate

Run Down and Lungs Hurt—
Stayed Home and Gained
22 Pounds

In November, 1911, I had a severe cold and in gripe, which left me with a bad cough. My lungs and shoulder blades hurt so I couldn't sleep and I finally had to give up my job as street car conductor. My physician told me to change climate. In April, 1912, I began taking Miks Emulsion. On the second bottle I could see a change. My appetite was better and I commenced to gain strength and weight. Now (August 23, 1912) I have used 23 bottles, have increased 22 pounds in weight, and believe I am permanently cured. W. F. Bourland, Route 5, Wolf City, Texas.

Mr. Bourland was fortunate in commencing to use Miks Emulsion while his case was in an incipient form. In many advanced cases, Miks Emulsion has wrought wonderful cures. It costs nothing to try—it is guaranteed. Miks Emulsion is a pleasant, nutritious food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and purgatives. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a bulimic of flesh and strength, Miks Emulsion is strongly recommended to run down nervous people, and it has produced amazing results in many cases of tuberculosis of the lungs. Chronic cough, asthma and constipation are promptly relieved, usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children.

No matter how severe your case, you are urged to try Miks Emulsion under this guarantee—Take six bottles honestly with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Miks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by Fred Howard—Adv.

GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak lams and aching back, swollen feet and limbs, weakness, dizziness, nausea, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL HAZEREM OIL CAPSULES. This old and tried remedy for kidney trouble and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day.

GOLD MEDAL HAZEREM OIL CAPSULES are imported from the laboratories at Haevel, Holland. Do not accept a substitute. In sealed boxes, three sizes.

HONOR MEMORY OF JUDGE HADLEY

The memory of the late Judge Samuel P. Hadley was suitably and appropriately honored at the meeting last

Women Backing the Soldier Boys

When the history of the war has been written, the work done by the women at home will impress itself upon this nation as few even now realize. Literally millions of women left their homes and took up war activities into which women had never before been called, and many more at home devoted long hours at war kin knitting and preparing surgical dressings for the boys "over there." Some may have worked at the expense of health and are now suffering from headaches, backaches, dragging-down pains or some derangement. It should be remembered that Lydia E. Pinkham's Vegetable Compound for women has been restoring such women to health and strength, and is now recognized as a standard remedy.

evening at Memorial hall, of the Lowell Historical society.

Resolutions were presented as representing the work of a committee whose chairman was the Rev. Wilson Waters. John A. Bailey, Charles H. McIntire, Philip S. Marden, Alfred P. Sawyer and Rev. Mr. Waters spoke of their close and pleasant acquaintance with Judge Hadley and the work he accomplished in Lowell.

Miss Bessie Hadley, the judge's daughter, read by request, her father's written account of his visit to Gad's Hill, the estate of Charles Dickens, in England, in company with Selous Stevens. At the close of the meeting the president of the society, Alfred P. Sawyer, paid an eloquent tribute to Judge Hadley.

The society has recently come into possession of a number of historical books, paintings and papers and they will be carefully preserved. These things include a fine large oil painting of Daniel Webster, a painting of Kirk Bost, which formerly belonged to the Middlesex Mechanics association.

It was voted last evening to have the local society affiliate itself with the Bay State Historical league which now has an associate membership with 50 historical associations in this state whose aims and activities are similar to those carried on by the local organization.

Asiatics Flocking to Mexico

MEXICO CITY, Wednesday, May 14.—Reports to newspapers here reflect considerable concern over the increasing number of Chinese and Japanese arriving in the Pacific coast states of Mexico. It is declared that five thousand Asiatics arrived during March and that, unless restricted measures are taken, the number of immigrants for the current year will total 100,000.

Most of the Asiatics entering the country are taking up farming in the states of Sonora and Sinaloa.

Marblehead

SAN FRANCISCO, Cal., May 15.—When speed of the protected cruiser Marblehead, steaming here from San Diego, was mysteriously impeded off Pigeon Point investigation by searchlights showed a 60-foot whale on the cruiser's bow ram. It was towed to port and Commander Charles P. Hull said it would be placed on sale for \$200, which amount has been needed by the crew for an entertainment to be given soon.

FOR THE SUPPORT OF WOMEN'S HOSPITALS

A drive for \$250,000 for the support of the American Women's hospitals in Europe and the near east, and of which the North Middlesex district has an allotted share of \$1065 has been launched and Dr. Emma Young Slaughter of Lowell is district chairman for this territory. Lowell's part of the district quota is \$750, which is to be raised before June 1, if possible. It is a small amount for a most worthy work and undoubtedly will receive liberal patronage even in these days of numerous campaigns for money.

The hospitals which need support for the current year are in France, Serbia and the near east, seven in all, under the control of the American Women's Hospitals association, affiliated with the American Red Cross and organized by the war service committee of the Medical Women's National association. Gifts may be in the form of yearly memberships of \$1 each or in lump sums. Checks should be made payable to the American Women's Hospitals and may be sent to Dr. Slaughter, 545 School street, Lowell.

The campaign will particularly be pushed in the interests of the hospital work in Serbia, for word has come from that country that immediate aid is required. Large areas of that country are entirely without medical aid and only 140 physicians remain in the whole country, so completely depleted is her medical force due to the war.

LOWELL'S MEMORIAL DAY CELEBRATION

Plans for Lowell's Memorial day celebration are gradually rounding into definite shape and it was announced today that Dudley L. Page had been appointed chief marshal in place of Capt. George E. Worthen who has resigned the position. Mr. Page has not yet chosen his chief of staff.

Post 42 of the G.A.R. will be led in the parade either by John Harrington, senior vice commander, or Nathan Lamson, junior vice commander; Post 129 by Commander Frank B. Plauders and Post 183 by Commander Franklin S. Pevey.

Among the organizations which will participate in the parade besides the G.A.R. are the state guard, High School regiment, Boy Scouts, Spanish War Veterans, Sons of Veterans and Veterans of the world war. The latter veterans have not yet perfected an organization but the Memorial day committee extends an invitation to them as individuals to appear in the parade either in uniform or civilian clothes. It is planned to have Col. Charles A. Stevens take care of the soldiers.

TELEPHONE GIRLS PLAN DANCE

A joint meeting of the members of locals 19A and 562, I.B.E.W. was held last evening in Lincoln hall with Miss Helen M. Moran in the chair. Considerable business was transacted and it was voted to conduct a dance at Lincoln hall in the latter part of the month and the following committee was appointed to look after arrangements: General managers, Miss Helen M. Moran and Joseph T. McGill; floor directors, Miss Anna McCarlin and Ralph Scott; aids, C. V. Burdick, Geo. Murray and Miss Ruth Flint; treasurer, Miss Anna McQuaid.

The local evening newspaper is the paper that reaches the home when the whole family is there to read it. The Sun fills this field in Lowell.

SINN FEINER RESCUED— POLICEMAN KILLED

KNOCKLONG, Ireland, May 15. (By the Associated Press.)—Four police officers, who were taking a Sinn Fein prisoner to Cork, were attacked by an armed band at the Knocklong station yesterday. The band rescued the prisoner and killed one of the policemen and seriously injured another. A third policeman is missing.

Knocklong is a small town in County Limerick, about 5 miles southeast of the city of Limerick. It is on the Great Southern & Western railway.

INFANT MORTALITY TAKES BIG DROP

Lowell's mortality rate for the week ending May 10 took a commendable slump, according to figures received today at the office of the board of health. Lowell's rate was 12.5, making her the 23d from the top. Pittsburgh was in the lead with 22.9, Milwaukee second with 22.5 and Omaha third with 20. Columbus was lowest with 2.7. The average was 11. Rates for the large cities were: Boston, 13.6; Chicago, 15.9; New York, 14.6, and Philadelphia, 12.7.

SALVATION ARMY WELL SUPPORTED

The Salvation Army has been offered support for its coming drive from many solid sources. Adjutant Clark stated to The Sun today, and callers are dropping around hourly eager to help either by work or asking for posters to display in the cause.

"We are getting the hearty co-operation of Lowell's merchants for our poster display," said the adjutant. "The local street railway company has also accepted display signs for their cars. We are going to make a special appeal to the merchants, however, to give us a word in their advertising. Our campaign will be run on the lines of hard work, rather than by expensive attractions, but everyone is willing, and we are assured of success."

The adjutant has received some original photos of famous people in the army organization. These are to be mounted and will attract much interest. Among them is one of Stella Young, Chelsea, who was the original doughnut girl in France. Her picture shows her carrying a supply of the rings which made her famous and the smile is the smile which cheered the scores of doughboys when cheers were scarce. Another photograph shows Mrs. Brigadier Sheppard decorating with flowers some of the unknown graves in France.

In connection with the big drive which opens throughout New England next Monday it should be remembered that not a penny of the receipts of the home service fund will be devoted to war work, or to any of the foreign endeavors of the army. Neither will the money raised in Lowell be sent to any other city that has failed to realize its share in the drive.

Each city is standing on its own feet and will reap the fruits of its own labors. This is a highly important announcement which the projectors of the campaign wish to impress upon every man, woman and child in the community, to the end that the charitable giver may know that whatever he contributes is to be spent here, and spent right.

Major Albert Widgery of Portland has been secured as the principal speaker at this evening's meeting of the campaign committee, which will be held in the board of trade rooms at 7.45. He is said to be a thrilling and interesting speaker, and will describe the work of the Salvation losses—and men, too, on the battlefields "over there." Any one interested in the work of the organization is invited to attend this meeting, and it is expected that a score of teams will be formally organized and put into shape ready to help send the Saladsie City over the top again when the drive opens next week.

TRYING TO LOCATE HEIR

Private L. T. Vaillancourt, a former resident of this city, who was with the Canadian army and died recently, according to information received from Ottawa, Ont., and he has left a will in favor of Isidore Vaillancourt, who at one time resided in this city, and the director of military estates at Ottawa is now endeavoring to locate the heir. It was learned today that several years ago Isidore Vaillancourt lived in this city, but no trace of him can now be found and it is believed he is making his home either in Fall River or New Bedford.

WOMEN AGAINST TREATY

Resolution Criticizing Terms

Was Seconded by Miss
Jeannette Rankin

PARIS, Wednesday, May 14.—The resolution of the Women's International conference for permanent peace at Zurich criticizing the terms of the treaty presented Germany was proposed by Mrs. Philip Snowden of England, and was seconded by Miss Jeannette Rankin, formerly member of the United States congress from Montana. It was approved unanimously by the women's conference at which 15 countries are represented. America had 25 delegates and Great Britain 23.

The resolution which has been sent to the peace conference follows: "This international congress of women expresses deep regret that the terms of peace proposed at Versailles should so seriously violate the principles upon which alone a just and lasting peace can be secured, and which the democrats of the world had come to expect. By guaranteeing the fruits of secret treaties to the conquerors, the terms of peace have tacitly admitted secret diplomacy, denied the principle of self-determination, recognized the rights of the victors to the spoils and created all over Europe disorders and animosities which can only lead to future wars.

"By demanding disarmament from one set of belligerents only the principle of justice is violated and the rule of force is continued. By the financial and economic proposals 100,000,000 people of this generation in the heart of Europe are condemned to poverty, disease and despair, which must result in the spread of hatred and anarchy within each nation."

PATROLMAN DOOLEY
SOME SHARPSHOOTER

While riding in a sidecar of a motorcycle and going at the rate of about 15 or 20 miles an hour, Patrolman Dooley, whose beat is in the vicinity of Middlesex street, fired three shots at a bull dog yesterday afternoon and all three bullets took effect. The dog was fired at after it was learned that it had badly bitten a little girl, and be-

cause it was feared that it was suffering from rabies.

Shortly before 5 o'clock yesterday afternoon, Elsie Langill, aged about 12 years and daughter of Mr. and Mrs. Charles H. Langill of 973 Middlesex street, while walking on the sidewalk near her home, was attacked by the dog in question. The dog jumped at the little girl's head and bit her on the forehead. The child screamed and the dog ran away, snapping at people and dogs. In the meantime a young man was riding a motorcycle in the vicinity, rushed to the corner of School and Middlesex streets and told Patrolman Dooley what had happened.

Officer Dooley jumped into the sidecar of the motorcycle and was hurried through Middlesex street. While the machine was being operated at a rate of between 15 and 20 miles an hour, the dog made its appearance in the road and was pointed out to the officer by the operator of the cycle. Patrolman Dooley pulled out his revolver and fired three shots. The dog dropped, but in an instant was on its feet again and attacked a man. The latter used his feet to good advantage and a few minutes later the dog rolled over and died. The little Langill girl who was bitten was taken to a nearby drug store for first aid and later she was attended by the family physician. The body of the dog was sent to the police station stable, and its head will be turned over to Dr. Sherman, to determine whether or not the animal was suffering from rabies. Officer Dooley was warmly congratulated for his quick and excellent marksmanship.

Makes Life Worth Living

You cannot be constipated and happy at the same time. If almost everything you eat distresses you, and brings on a headache, gas on the stomach, heartburn, etc., you can easily eliminate these conditions by taking SEVEN BARKS, the favorite root and herb remedy for stomach disorders.

SEVEN BARKS will expel the distressing acids, and dangerous poisons, and help you back to good digestion and active health, making life worth living again.

Do you sleep well? or are you troubled with almost sleepless nights? While there are many causes for sleeplessness, it generally happens that deranged stomach, liver or intestines are the real cause of the trouble. If your appetite is not good, or food distresses you, or the bowels do not move daily, you can get quick relief from these disagreeable conditions by simply taking 10 to 20 drops of SEVEN BARKS in a little water after meals; this is nature's remedy, made from the extracts of Root and Herbs, has stood the test for nearly 50 years, and will certainly give you a feeling of new life.

If you would have the glow of health, and banish the blues, don't neglect to ask your druggist for SEVEN BARKS. Costs but 50 cents.—Adv.

LOWELL OFFICIALS
GO TO NEW BEDFORD

Several members of the municipal council and other city officials went to New Bedford this afternoon to inspect fire apparatus in that city. Commissioner Charles J. Morse of the local fire department plans to install additional motorized apparatus here and intends to ask for a loan for the purpose. The inspection party which went to New Bedford by automobile included Commissioners Morse, Murphy and Marchand, Chief Edward F. Saunders and Purchasing Agent Edward H. Foye. They were to be met in New Bedford by Chief Dahill of the fire department of that city.

Clothes Play an Important Part in a Man's Life

We have an excellent opportunity, in this business, to see the effect of clothes upon a man's relations with his fellow beings.

We see a youngster who seems to give no thought to his personal appearance suddenly become extremely careful and fastidious. And soon he presents himself for a suit of blue or black clothes to wear at his own wedding.

Then there is the quiet young business man, who finds that it is only necessary to dress like his more influential friends to be one of them in the city's activities. He invests in better clothes—mixes around more—becomes more ambitious—and all at once he is one of the leading business men of the town, whom clothes helped to success.

And since our business is that of clothiers we have an excellent opportunity to know just what kind of clothes are best for you to wear—and, consequently, the best for us to sell. So we feature

A. SHUMAN & CO. CLOTHES

after making a careful and thorough study of all the finest clothes-making establishments in the United States.

Shuman Clothes are all that highly skilled tailors, working under ideal conditions, in the most painstaking way, can produce.

We have seen how each suit is cut individually, by hand. We have seen the immense amount of hand stitching that goes into the hidden part of a coat. We have followed a suit through every process of the making—and we say unhesitatingly that we would rather have the Merrimack label woven with the A. Shuman & Co.'s label than with any other name in the country.

Spring Suits range from \$25 to \$50.

CARMEN OUT ON STRIKE

Pittsburgh's Street Railway System Tied Up by Walk-out of 3000

PITTSBURGH, May 13.—Pittsburgh's street railway system was tied up at midnight by a strike of motormen and conductors who walked out when they failed to reach an agreement with receivers of the Pittsburgh Railways Co. on the question of submitting a wage dispute to the war labor board. Approximately 3000 motormen, conductors and other workers are affected by the strike. The men demanded a 12-cent an hour increase in pay.

FACTS CONCERNING THE STATE GUARD

Although the Massachusetts State guard will be cut down to about one-half its present strength under an order of Gov. Coolidge, which prescribes for the reorganization of the state troops immediately, the 16th regiment, to which the three local companies, K, G and C are a part, will remain intact, according to a statement issued to The Sun today by Major Edward Fisher, commander of the Lowell battalion. The reorganization plans issued by the governor consist of the forming of the state guardsmen into two brigades of three regiments of infantry each. It also provides for the formation of a motor corps and a troop of cavalry. Just what form the cutting-down process will take throughout the state regiments is not known as yet, beyond the fact that the 16th regiment is not hit by the order. It is probable

that many companies will be practically, if not entirely disbanded. The resignation of Col. Louis Cox, as commander of the 16th regiment has been accepted, and Col. Charles Pfaff has been assigned to the command of the regiment.

WORKS OF ART FOR STUDY PURPOSES

A meeting which may eventually lead to the introduction of leading works of art for study purposes in the public schools of Lowell was held yesterday afternoon in Memorial hall for the school teachers and principals of the city, several hundred of whom were present.

The meeting itself was a brief one

and soon resolved into an exhibition of some 200 paintings furnished by the Elston Art Publication Co. Inc. of Belmont, in the public library on the floor below.

The meeting was called shortly after 3.30 by Supt. Hugh J. Molloy who explained that he wished to place before the teachers a proposition of the Elston Co. to furnish the school department copies of art studies, arranged suitably for various grades. A representative of the company, Miss M. B. Lippincott, was present and she explained the plan of her company.

The exhibition of paintings now in the library, she said, would remain there until Saturday. The exhibit consists of the finest reproductions in the form of carbon photographs and

photogravures—the two methods best suited to producing pictures retaining all the modeling and delicate values which are to be found in the originals. The pictures are fadeless and are supposed to last a lifetime. Each picture is in a cloth mat, giving a harmonious effect to the whole. The exhibit contains many copper plate color paintings which are painted in permanent oil pigments as durable as a painting in oil color. The subjects include the leading works of the master painters and the names of the paintings as well as that of the author are printed below each picture.

This exhibition, Miss Lippincott said, will be loaned to any school which wishes to use it for four days, free of charge. It is then understood that the school will hold a public exhibition to which admission will be charged and the proceeds go toward buying pictures for permanent showing in the school.

The picture studies are folders which include one reproduction of a well known work of art, a sketch of its author, the significance of the picture and poetry and study questions for children. These are furnished at nominal charges to schools.

Supt. Molloy felt that the teachers should visit the exhibition and then if they felt they would like to take up the matter further, to bring it before the school department. He was personally in favor of the project providing the teachers made the subject incidental to their school work.

The teachers expressed much interest in the exhibition arranged in the library under the direction of Librarian Frederick A. Chase. An invitation is extended to teachers living in the surrounding towns to visit the exhibition before it is taken away Saturday, as well as to others who are interested.

Prior to the discussion of paintings at the meeting, Supt. Molloy read an announcement of a summer school course in subjects of interest to teachers at the Massachusetts Agricultural college, beginning June 30 and continuing four weeks.

MORE MEN FOR NAVY

Four men were forwarded to Boston today by Chief Cary of the Lowell recruiting station. They were Francis W. Sweeney, 348 Lawrence street, fireman third class; Joseph A. Brodeur, 93 Kinsman street, apprentice seaman; Paul O'Connell, 55 Jackson street, Lawrence, apprentice seaman, and Charles F. Kehoe, 423 Park street, Lawrence, apprentice seaman.

AMUSEMENT NOTES

Below is what the press agents of the different theatres say of the current attractions and of others to come.

THE STRAND

Pauline Frederick's latest Goldwyn picture is "One Week of Life," which will be shown for the first time locally on The Strand screen today. Not only is the star provided with a splendid story, which gives her opportunity to dominate one powerful scene after another, but she is enabled to appear in a succession of costumes more gorgeous than she has ever worn on the screen before. As if that were not enough for the public the scenario is cleverly arranged to present her in two distinct roles. By itself each would be a brilliant one; together they afford Miss Frederick sweeping scope for her emotions. Yet the interest of the play does not depend on any trick of double exposure. Each heroine lives apart. They do not meet. Written by Cosmo Hamilton, famous playwright and novelist, arranged for the screen by Robert Henley, and with a cast including the leading man who aided Miss Frederick to achieve fame in "The Eternal City," Thomas Holding, together with Sydney Ainsworth and Corinne Barker, Goldwyn offers "One Week of Life" with pride.

The mysterious ways of crooks and criminals are revealed in the new William Fox photoplay, "Pitfalls of a Big City," which will also be shown for the first time today. The picture affords intimate glimpses into the lives of the denizens of the underworld, and the story concerns the great scheme of a woman to keep her resolve to live straight. It's a gripping drama and tells many things about the underworld never before disclosed. A Tom Mix comedy, entitled "Tom

and Jerry," and a new Universal Weekly will help round out a most unusual bill. And 10 cents sees it all.

LOWELL OPERA HOUSE

This afternoon, after the matinee performance, a reception to Miss Jane Salisbury, leading woman of the Emerson All Star Players, will be held and the public generally is cordially invited to attend. Come and meet this charming young woman. She'll enjoy the meeting quite as much—if not more—than you. "Another Man's Shoes," the novelty comedy drama that is marking the farewell taking of the Players, is a decidedly entertaining bit of stage entertainment and the company is reflecting its cleverness to a

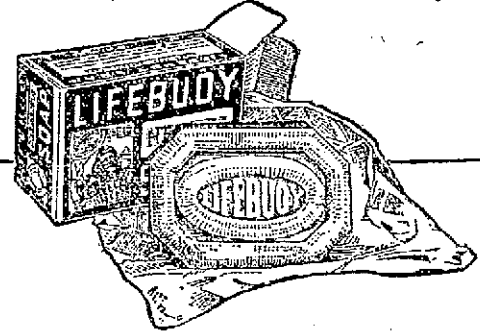

marked degree. Saturday night the "good bye" performance will be given. The "id comes off" for that night, so be sure and attend. The management announces the coming of "dickens" the great photoplay and the road attraction, "The Unmarried Mother," at some future date.

B. F. KEITH'S THEATRE

Laugh with all of your friends at the antics of Billie Reeves at the Keith theatre this week. Billie is original, no doubting it, and when he does his famous hilarious stunt in "The Right Key, But the Wrong Flat," you can't keep from shrieking. It is a fine, lively piece of work. Joe Towle, the man who tells you

about exemption boards and army life, is as original a monologist as one will often see. He has struck something which thousands of young men know about, and which all of us have heard of. Nobody else has taken up the line, or if he has, nobody has extracted quite the fun from it that Towle does. Jane Courthope & Co. in "Our Family" are unusually competent. The sketch has the punch to it, and it is a faithful study of life. Hank Brown, a funny talker and singer, works in a musical comedy complete this

Do You Pay 66¢ for Sirloin Steak? — or 33 Cents?

We serve all tastes

A recent Government bulletin quoted sirloin steak in different cities at prices ranging from 33 to 66 cents!

We buy live cattle, according to quality, all the way from \$7.00 to \$20.00 per hundred-weight, live weight. Sirloins from these cattle vary greatly in quality.

Some retailers sell 33 cent sirloins. These steaks come from cheaper cattle.

Customers of other retailers demand choice sirloins at 66 cents. These retailers buy meat from higher-priced cattle.

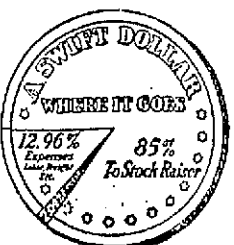

Also, the retailer who carries complete stocks, delivers to your door, and lets you run a charge account, has to get higher prices than the retailer who runs a "cash and carry" store.

We sell beef of a given quality at practically the same price all over the country—except for slight differences due to freight rates.

And our profit hardly affects the price at all—only a fraction of a cent per pound.

FUNERALS

McINTYRE—The funeral of Richard McIntyre took place this morning at the home of his wife, Mrs. Michael O'Shea, 119 Concord street, and proceeded to the Immaculate Conception church where at 10 o'clock a mass was celebrated by the Rev. Lawrence F. Tighe, O.M.I., assisted by the Rev. Dennis A. Sullivan, O.M.I., and the Rev. James B. McCarthy, O.M.I. The choir rendered the Gregorian mass. Solos were rendered during the mass by Mr. James P. Donnelly, Miss Lena McMahon and Mr. Charles P. Smith. Mrs. Hugh Walker presided at the organ. There was a profusion of beautiful and appropriate floral offerings showing the esteem in which the little boy was held by his many friends and playmates. The pupils of the ninth grade of the Immaculate Conception school attended the mass in a body. The bearers, all playmates of the deceased, were George Feltard, John Feltard, Donald Rutledge, George Collins, Peter Flinnery and William Connors. After leaving the church the funeral cortege proceeded to St. Patrick's cemetery where the burial took place in the family lot. At the grave a firing squad of O.M.I. cadets in command of Corp. Joseph Duffy, Privates O'Donnell, Brown, O'Hair, McGovern, Highland, Plangan, fired a farewell salute. Taps was sounded at the grave by Buglers William O'Reilly and John Flanagan. The committal prayers were read at the grave by the chaplain, Rev. Dennis A. Sullivan, O.M.I., assisted by the Rev. Owen McQuade, O.M.I., and the Rev. James B. McCarthy, O.M.I. The funeral was largely attended and under the direction of Undertakers Higgins Bros.

RICARD—The funeral of Mrs. Joseph Ricard took place this morning from her home, 223 Riverside street. Solemn high mass of requiem was celebrated at St. Joseph's church at 9 o'clock by Rev. Eugene Turcotte, O.M.I., assisted by Rev. Rosario Jalbert, O.M.I., as deacon and Rev. Aurelien March, O.M.I., as sub-deacon. The bearers were Edmond and Albert Jean, Auguste, Joseph, Edouard and Lyman Richard. Burial was in St. Patrick's cemetery, where the committal prayers were read by Rev. Eugene Turcotte, O.M.I. Funeral arrangements were in charge of Undertakers Amodee Archambault & Sons.

PELLETIER—The funeral of Mrs. Luc Pelletier took place this morning from her home, 218 Adams street. High mass of requiem was celebrated at St. Jean Baptiste church at 7:30 o'clock by Rev. Antoine Amel, O.M.I. The bearers were Leon and Louis Pelletier, Ernest Fortin, Arthur Beauregard. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Eugene Turcotte, O.M.I. Funeral arrangements were in charge of Undertakers Amodee Archambault & Sons.

LINDROTH—The funeral services of Mrs. Bengta Lindroth wife of deceased

last evening at the home of her daughter, Mrs. Olaf Olsson, 121 Blossum street. Rev. P. B. Nordgren, pastor of the Swedish Lutheran church, officiated. Appropriate selections were sung by Thore Gillson. There were many beautiful flowers. The bearers were Carl Peterson, Carl Nelson, Olof Lindquist and Nels Christenson. Burial took place in the family lot in the Edison cemetery, where the committal service was read by Rev. P. B. Nordgren. The funeral arrangements were in charge of Undertaker William H. Saunders.

WITCHELL—The funeral services of William W. Mitchell were held yesterday afternoon at his home, 15 Gilbride terrace, and were largely attended. Rev. J. E. Olin, formerly assistant pastor of the First Baptist church, officiated. The Lowell Nest of Owls was represented by John D. Williams, John Hartnett, John A. Bailey and James H. Rodgers. The local car men's union of which the deceased was also a member, was represented by George Niles, Eugene Marshall, Frank Harrison, Matthew Nevin, William Brown and Edward Lussier. W. W. Colby sang the following selections: "Abide With Me," "The Heavenly Good Night." The bearers were William Wright, William Hayes, Bertrand Dixon, Edward Finch and Jerry Dean. Burial took place in Woodlawn cemetery, where the committal prayers were read by Rev. Mr. Olin. The arrangements were in charge of Smith J. Adams, under the direction of Undertaker Hiram C. Brown.

CASSIDY—The funeral of Maria T. Cassidy took place this morning from the home of her sister, Mrs. Sarah Cassidy, 125 Concord street, at 8:15 o'clock and was largely attended. The cortege proceeded to the Immaculate Conception church where a high mass of requiem was celebrated at 9 o'clock by Rev. Owen McQuade, O.M.I. The choir sang the Gregorian mass, solos being sustained by William Cookin, Peter H. Patrice, Charles Smith and Miss Lena McQuade. Miss Minnie Davey presided at the organ. There were many floral tributes and spiritual benedictions. The bearers were Timothy P. McCarthy, Timothy Brown, Edgar Smith and Thomas Riley. Interment was in St. Patrick's cemetery. Rev. IN MEMORIAM
 In loving remembrance of Mrs. Mary McMurphy, who departed this life for the repose of her soul Saturday morning at 8 o'clock at the Immaculate Conception church.

THE OPENING OF THE STRAW HAT SEASON

Although today was the official date for the blossoming of straw hats, the combination of the clothing and haberdashery stores being closed Thursday afternoon and a hardy wind from the east that brought with it lowering temperatures, was sufficient to keep the outpouring of summer headgear at a minimum and much less than it would have been had the weather man felt as warm under the collar as he did yesterday.

In fact, if the hat dealers had been gifted with clairvoyance they undoubtedly would have made May 14 the official opening day for the straws and in all probability would have reaped a substantial harvest. But being human beings like the rest of us, the hatlers took their chances and lost out. But what they failed to get today they'll corral at a later date for Mr. Man must have his straw bonnet when it's really warm.

Despite the cool weather a few straws were noticeable down town today. Quite a number of men had anticipated the season and invested yesterday. As long as they had their new hats ready, they were not to be daunted by a mere weather man and sailed forth in their glory. In fact, one business man was arrayed in a light summer suit to complete the harmonious effect of his glistening straw hat.

Local dealers say that the prices of the straw hats are about the same this year as last year with a little better quality forthcoming. On the other hand, Boston says that the cheaper grade hats will cost more this year, although the higher grades will remain the same. Locally the prices run from \$2 to \$5. The hats that are being sold now were manufactured during war times and are wholly without frills although now and then one runs across the "college boy" type of hat. It is generally believed that when the present supply is exhausted the prices will be boosted on those that come in later.

A Wonderful Medicine for Women.

THOUSANDS of women owe their beauty of face and form—their strength and vitality—their freedom from lifelong illhealth—to RED PILLS for Pale and Weak Women.

THOUSANDS of others are winning back their health and strength by taking RED PILLS.

WHY? Because RED PILLS are an infallible remedy for Anaemia and Poor Blood.

ANAEMIA is responsible for most of the Headaches, Backaches, Paleness, Thinness, Weakness, Nervousness, Indigestion and Sleeplessness with which so many women suffer.

RED PILLS conquer Anaemia; and give you the pure rich blood needed to nourish mind and body.

MRS. NAPOLEON LARIVEE, 568 East Street, Holyoke, Mass., was been suffering for quite a few years from the change of life, and was indeed a very miserable woman before she started to take RED PILLS for Pale and Weak Women. Her life was becoming unendurable, for she was constantly troubled with poor digestion, palpitation of the heart, headaches, besides being in an excessive state of general weakness. She took RED PILLS; she was persevering, and took them faithfully for over a year, and was rewarded by recovering her good health and being relieved of the different symptoms which are usually the lot of women who do not take proper care of themselves while going through the change of life, which is such a difficult period in the life of a woman.

CAUTION—The formula of RED PILLS for Pale and Weak Women was first discovered in Paris, in the year of 1870, by a famous French doctor, and they have been widely used ever since.

To avoid imitations or substitutions, insist on the signature "Cie Chimique Franco-Americaine". In boxes only, 50 cents, or six boxes for \$2.50.

Uncle Sam Says: "Advertise!"

Secretary of Labor Wilson wrote this advertisement for The Sun and several hundred other American papers and we don't know how one better or backed up by more authority could be written. It's worth reading:

THE U. S. DEPARTMENT OF LABOR

Never were the people—the buying public—more ready and able to buy than they are today. There is no scarcity of money. The purchasing power in America today is greater than in all history. The field for new and greater development is here.

Advertising is the certain, quick, and economical method of developing your business. When you put the power of advertising and its economies back of your business you spread optimism and good will.

The U. S. Department of Labor urges progressive merchants and all who have something to sell, to advertise now and take advantage of the best market history has ever known.

If Mr. Wilson were a Lowell resident we feel certain he would say, "Advertising in all papers may be good, but the best result gets it."

TO FIGHT BOLSHEVISM

Some serious minded people who are somewhat alarmed over the danger of Bolshevism in this country and even in this city, are inquiring what should be done to prevent its appearance here.

That is a very pertinent question at the present time, in view of what has happened in some other cities not very far from Lowell. Already, a movement for Americanization has been well started with that end in view. Its aim is to assimilate the foreigners who come here into our American citizenship so that they will not be under the influence of itinerant agitators who live as parasites upon the foreign nationalities, inciting them to enter revolutionary movements and to become enemies rather than supporters of our government.

It appears that our first duty is to maintain the force and authority of justice, liberty and law as provided for in our national constitution. Our first consideration must be to impress upon the foreign elements coming here that their best interests lie in learning our language and showing strict respect for our customs and our laws. To treat them with injustice would be to defeat the purpose of the Americanization movement. We are to extend to them the hand of fellowship so that they may not remain in segregated groups, as has been their wont in the past. Once they shall have learned the use of the English language, they will be able to enjoy our entertainments and to receive instruction from public lectures so that they will not be dependent upon revolutionary leaders for their opinions of what they should do as residents or citizens of this republic.

Much can be accomplished by bringing these people together in community centres and affording them entertainment that will benefit them in their work, in their homes and in providing for their families. It must be understood fully that there is but a very small number of foreigners who come here with any other intention than that of settling down and complying with our laws and regulations as to sanitation and domestic life. The trouble is chiefly made by so-called leaders who go from place to place addressing them in their own language, and filling their minds with false statements and erroneous ideas as to the character of our government and the condition of the people who work in the factories. This evil would be largely overcome, as we have stated, if the foreigners understood English sufficiently to attend our public meetings and read our newspapers.

Just at the present time it is desirable to find suitable employment for those who need it. Not only would foreigners become advocates of Bolshevism, but some of our native Americans would also join the ranks after a time if they had to suffer any prolonged lack of employment. It is, therefore, a very important matter and one that should be attended to by the government in city, state and nation, that immediate steps should be taken to provide employment.

But for the absence of President Wilson, it is probable that some practical step would have been taken to hasten a return to normal conditions. Perhaps something of this kind will be forthcoming soon.

Mr. Stefansson told the Canadians that Arctic Alaska can support more than 2,000,000 reindeer, the equivalent of 11,000,000 sheep, or seven times the mutton product of all Canada. The statement made by this explorer as to the possibilities of the Arctic wastes of Canada, has convinced the people of the Dominion that northern Canada can be converted into the richest milk and meat producing country of the western hemisphere.

Formerly, the Arctic explorers sought the polar regions for scientific purposes only, but Stefansson has conceived the idea of turning these neglected wastes to practical account by creating a new industry that has hitherto been regarded as impractical.

AGAINST THE LEAGUE

Frank Simonds, the great war correspondent or writer on war topics, says that the League of Nations has left several causes of war where one existed before. He claims that Europe has lost all faith in the league, inasmuch as France has demanded an alliance with England and the United States to safeguard her against attack by Germany. As Mr. Simonds is now an accredited employee of Lord Northcliffe, who is at loggerheads with Lloyd George, it is not surprising that he belittles everything with which Wilson has any connection. He may also be under obligation to present the matter in the light that will suit the republicans of the McClure syndicate by which the Simonds articles are copyrighted.

KING CARSON

The Irish-American delegates to the peace conference will not be accorded a hearing by Lloyd George relative to the Irish question. That is not a matter of much importance as, apparently, the premier can take no stand on the Irish question except what Sir Edward Carson approves. The man to see, therefore, in regard to Ireland, is the Ulster dictator. It might be well for the Sinn Fein leaders or a delegation of their members to wait on Mr. Carson and hail him as the new Cromwell. King George is a mere figure compared with King Carson, the erstwhile friend of the kaiser and the man before whose threats Premier Asquith bowed in meek submission and in betrayal of Ireland, as well as in violation of the most solemn pledges of the king and commons of England.

GENERAL KOLCHAK

General Kolchak, the head of the Omsk government in Russia, is the hope of Russia, the leader of the de facto government, or the only government that can be said to represent anything like civilization. The allied powers look to him as the only man in sight who can quell the outbreaks of the Bolshevik marauders, now reducing Russia to a state worse than the prevailing state of barbarism.

A brave man and a skillful military leader who won high honors at Port Arthur, he is driving back the anarchistic tribe and it is not improbable that his government at Omsk may be recognized by the allies as the only hope of Russia.

In many respects we cannot blame Belgium for resenting the German attempt to use the colors of the Belgian flag for the colors to be used in the new flag of the German republic. Belgium does not want even that much involuntary association with something German. Most of the world would decide that a fine yellow flag might best suit Germany were it not for the fact that most of the world is disposed to give Germany a chance, if she shows herself worthy of it.

It would seem to be rather had judgment to blame present employment conditions on the alleged fact that women are holding down jobs they accepted while the war was on, and have continued to hold them. If we have a condition where women are continuing to fill jobs at whose pay and duties men turn up their noses, we are still confronted by the obstinate fact that some person, of either sex, must keep the wheels going.

One of the good things about the Willard-Dempsey light that comes to us is the fact that after the mill is over and the big arena is dismantled, some of the 2,000,000 feet of lumber required for it may be available at a cheap price to help build bungalows in Toledo suburbs. We take it Toledo is among the cities needing additional housing as badly as other places.

THE MAN ABOUT TOWN

Yesterday's warmth brought out a copious flock of straw hats as anybody downtown would readily notice. Although the official date—wherever makes it official—for the annual debut of the summer headgear is today, May 15, up and doing young men didn't wait for the opening bell but "went to it" as soon as nature showed she was ready for the lightening of the capital burdens of the sterner sex. Our good friends, the ladies, are not anywhere near so much inclined to procrastination in the matter of straw hats for they have been sporting their summer creations for weeks and in some cases, months. It surely is most refreshing to see the glittering straws and Panamas replace the comparatively drab effects of the spring and winter soft hats and derbies and you can't find a surer sign of the approach of summer.

Aside from the fine lithographic art they show, coupled with the artistry of the person who designed them, I note that the "Sally drive" posters serve to put one of the cheeriest messages I have seen in a long time up in some conspicuous windows and places in our city. I have no doubt many other persons have noticed it. Just beneath the picture is this two-line message:

"A man may be down but he is never out."

Chairman Marden of the Victory loan committee tells a story that there are still a few of the excellent Victory loan posters on hand at 15 Shattuck street. Persons who wish to complete their poster collection may call at this address and will be given a Victory loan poster until all are gone.

We are seldom able to pass through Merrimack square during evening hours without unconsciously looking at the dozen or more boys wandering about, some selling papers and others just there for companionship, we imagine, and considering how much better off they would be at home. It was not more than four evenings ago that we noticed two little chaps, neither a day older than five years, and one of them unquestionably under that age, seeking the shelter of doorways in the square. It was then after 10 o'clock. Each had one or two papers to sell but they were too sleepy to even look around. Hardly five minutes after we saw another child no older than the other two, sitting half way up on the flight of stairs which run up next to the Hildreth building; just sitting there watching the people pass up and down and trying to sell his few remaining papers. If newspapers are printed they must be sold, but in the interest of humanity the selling should be restricted to boys of a proper age. We are not familiar with the procedure of licensing paper boys, but we seriously doubt if the restrictions are being enforced. As to small children playing and hanging around Merrimack square, it should not be allowed. It is not a safe place to play, the environment is anything but proper and the health of a child is seriously endangered.

For years almost without number Lowell people have had practically no meeting place—Merrimack square—and we suppose this will continue to be so even to the days of our children's children. A city full grown with "general store" ideas. We can think of nothing else. We imagine this has come to be for the reason that Lowell has no cross streets forming square blocks in her business section. A street should have been cut through from Central and Palmer long ago and there seems to be no other solution to the congested traffic problem. This is an improvement which should be placed in the memory book for future reference and action. It has been inadequately anticipated, and like many other good ideas placed on the dusty shelf of things which might be. We suppose that often times the admirable things in a community are shoved in the backroom when people look about for things to criticize, but, honestly now, do you know of many other cities of Lowell's size which contain so many inadequate and stubby downtown buildings, so entirely foreign to the scheme of things in a supposedly "live village"? Do you recall many other cities which still cling to the "cracker barrel" idea of meeting and talking over the day's happenings?

SEARS FOUND GUILTY

Manufacturer Convicted of
Fraud and Bribery on
Army Shoe Contracts

BOSTON, May 15.—Frank I. Sears, vice president and general manager of the A. J. Bates Co., shoe manufacturers of Webster, was found guilty in the federal district court yesterday of bribery, conspiracy to bribe and con-

spiracy to defraud the government in connection with a contract on army shoes. Sentence was deferred pending an appeal.

Lewis Goldberg, assistant United States attorney, said that the penalty on each of the indictments was two years' imprisonment or a \$10,000 fine, or both.

The government charged that inferior leather was used by the Bates Co. in manufacturing 140,000 pairs of army shoes, and that Sears authorized the payment of bribes to two government inspectors.

Thomas Sherwood, former foreman of the sole leather room at the Bates

factory, was indicted with Sears on the conspiracy charges, and pleaded guilty. He testified against Sears. The defense was allowed 60 days in which to file a bill of exceptions.

Four Big Troopships Sail
From Brest Today—
12,000 on Leviathan

Liner Imperator, Turned
Over to U. S. by Huns,
Coming Under U. S. Flag

BREST, May 15.—The liner Imperator which was turned over to the United States by Germany under the armistice agreement, sailed at 10 o'clock this morning for New York. On board were 1100 first class passengers, 3200 second class, including the 35th Infantry, the Seventh Infantry Brigade headquarters, evacuation ambulance company No. 11, and 810 women, nurses, Y.M.C.A. workers and soldiers' brides. This is the first overseas journey for the Imperator under the American flag.

Leviathan Sails Today
The Leviathan will sail at 5 o'clock this evening with 12,000 troops. Among the passengers are Henry P. Davison, chairman of the Red Cross war council, and Representatives Julius Kahn of California and Richard Olney of Massachusetts.

The transports Agamemnon and America will sail at 5 o'clock. All told 30,000 troops are leaving

KEEP LOOKING YOUNG

It's Easy—If You Know Dr.
Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Brest today on the four steamers mentioned.

Lieut. Gen. Robert L. Bullard and Senator William J. Harris of Georgia sailed on the steamer Kaiserin Augusta Victoria last evening.

TO ERECT MEMORIAL TO CHAPLAIN DANKER

WORCESTER, May 15.—The Western Massachusetts Episcopal convention today in All Saints' church voted to erect in Holy Trinity church in Paris, a memorial tablet to Chaplain Walton S. Danker of the 10th Infantry, the first American chaplain killed in war, which he entered from the rectorship of St. John's Episcopal church in Worcester. The convention appointed as a committee to accept contributions for the memorial, Rev. George S. Southworth, Matthew J. Whitall and Prof. Zeleto W. Coombs, all of Worcester.

DO YOU KNOW THIS PLACE?

**CARTER & SHERBURNE'S DRUG STORE IN THE STREET CAR WAITING
ROOM—GOLDINE HEADQUARTERS**

Don't make the mistake of going
somewhere else for Goldine or accept-
ing some other remedy for this great
herb treatment. Hundreds in Lowell
have found their way to this store to
Goldine and health. They are sending
their friends and are telling you daily
through the press what quick relief
they found in Goldine. When fifty
people in Lowell say Goldine No. 1 is
the best stomach heart and nerve re-
medy, and Goldine No. 2 the best rheu-
matism and kidney remedy, don't you
ever found, I believe them, don't you?

HERE IS ANOTHER PROOF:
Mr. C. B. Bemis, R.F.D. 7, Lowell,
Mass., who is one of the best men in
this section and well known here,
said:

"I had been sick with an attack of
rheumatism in my knee for over a
month. I could hardly walk; my head
ached; I was dizzy and short of breath;
my right knee was swollen and sore.
I feared I would become a cripple and
was anxious to get something that
would help me right away. There was
a lot of rheumatism medicine adver-
tised, but everyone I talked with told
me to take Goldine. I did, and it
helped me before the first bottle was
gone. I was a lot better, my head-
aches had stopped. I felt no more fla-
viness or shortness of breath, but best
of all it got hold of my rheumatism
and I could almost feel the lameness
go. Now I walk much better and the
soreness has nearly all left the joint.
I want more of it for it's the best

medicine I ever got hold of and you
tell the people so, for I have taken it
and know.

"C. B. BEMIS."
The insertion in the picture above is
the Goldine man at Carter & Sher-
burne's Drug Store in the Street Car
Waiting Room. Come and talk to me;
I do not diagnose or prescribe, but
will gladly tell you if Goldine is what
you need. If it isn't I will tell you so
frankly, and will not ask you to buy.
But if you need it, you can't duplicate
its results anywhere. Let us talk it
over together.

Look again at the place and make no
mistake in the name—GOLDINE—at
Carter & Sherburne's, the drug store
in the street car waiting room only.

RUSHING FOOD INTO EUROPE

NEW YORK, May 15.—America's
great food relief program for the
devastated countries of Europe will
be practically completed within an-
other six weeks, according to a state-
ment issued yesterday by the Grain
corporation, with which the American
relief administration was recently in-
corporated.

The statement says that the corpora-
tion hopes that its final shipments
will start across the Atlantic by the
middle or latter part of June and
that no rye or cereal flours will be
bought later than June 10. There
will be no further purchases of con-
densed or evaporated milk, oils and
fats and no pork products, have been
bought since March 1.

RED SOX LOSE, 1 TO 0 BRAVES WIN AT HOME

Mays Outpitched by Cicotte in First Game on the Western Trip

CHICAGO, May 15.—Joe Jackson's double coupled with Barry's fumble in the sixth yesterday gave Chicago the first game in the series with Boston, 1 to 0. It was a pitchers' battle between Cicotte and Mays. Cicotte stayed off defeat in the first half of the sixth inning when a hit and two errors put runners on second and third with none out. He disposed of Mays, Hooper and Barry on short flies. Cicotte fanned Ruth twice in four times up. The score: Chicago..... 0 0 0 0 1 0 0 X—1 5 2 Batteries: Cicotte and Schalk; Mays and Schanz.

NEW YORK 1, DETROIT 0
DETROIT, May 15.—In a pitcher's battle New York yesterday gave Thormahlen support in the field that was at times out of the ordinary and won the first game of the series from Detroit, 1 to 0. In the fifth inning Bush fumbled, Lewis's grounder, Lewis reached third on Rodie's single and scored on Rodie's out. Sensational catches by Rodie in the eighth and ninth prevented Detroit scoring. The score: New York..... 0 0 0 0 1 0 0 0—1 4 1 Detroit..... 0 0 0 0 0 0 0 0—0 5 1 Batteries: Thormahlen and Ruel; Ehmeke, Kaho and Ainsmith.

ST. LOUIS 11, PHILADELPHIA 0
ST. LOUIS, Mo., May 15.—Wellman pitched shut-out ball and St. Louis batted out an 11 to 0 victory over Philadelphia in the opening game of the series yesterday. The score: St. Louis..... 0 0 1 1 2 5 1 0—11 11 0 Philadelphia..... 0 0 0 0 0 0 0 0—0 7 2 Batteries: Wellman and Billings; Mayoy, Perry, Grevel, Watson and Perkins.

CLEVELAND 1, WASHINGTON 2
CLEVELAND, O., May 15.—Cleveland defeated Washington easily yesterday, 1 to 2, knocking Ayers from the box in the first inning and also hitting Craft hard. Cleveland made Cleveland's first home run of the year, a drive inside the park to the left field bleachers. Bachy was invincible except in the sixth. The score: Cleveland..... 5 1 1 0 0 2 2—11 13 1 Washington..... 0 0 0 2 0 0 0 0—2 6 3 Batteries: Bagby and Nunamaker; Craft, Ayers and Ghartry.

Rudolph Gets Perfect Support and Timely Hitting Beats Cardinals, 4 to 2

BOSTON, May 15.—Timely hitting enabled Boston to gain its first home victory of the season yesterday by defeating St. Louis, 4 to 2. Rudolph was given perfect support and kept the hits scattered except in the sixth, when singles by Schultz, Shotton and Hornsby produced two runs. The score: Boston..... 0 0 1 1 1 0 0 X—4 7 0 St. Louis..... 0 0 0 0 2 0 0 0—2 7 1 Batteries: Rudolph and Wilson; Meadows, Sherdel, Tuero and Snyder, Clemens.

PITTSBURG 8, PHILADELPHIA 3
PHILADELPHIA, May 15.—Timely hitting and better fielding gave Pittsburgh yesterday's game with Philadelphia, 8 to 3. Watson was ineffective in the three innings he pitched and the Pirates amassed a lead the Phillies were unable to overcome. Some 300 doughboys of the 25th Division were guests of the club. The score: Pittsburgh..... 1 3 1 1 0 0 1 0—8 11 3 Phila..... 0 0 1 2 0 0 0 0—3 6 1 Batteries: Miller and Schmidt; Watson, Prendergast, Oeschger and Adams.

BROOKLYN 7, CINCINNATI 0
BROOKLYN, May 15.—Grimes pitched shut-out ball yesterday and Brooklyn took the second straight game from Cincinnati, 7 to 0. Only in the fourth inning did the Reds threaten to score, when with one out Rousch and S. Magee singled. Grimes then lightened and fanned Daubert and Kopr. The Superbas batted Evers, Ring and Gerner hard, getting 14 hits. Olson and Krueger made three hits each. In the second inning, Meyers hit the longest home run drive ever seen inside Ebbets field, the ball going through deep left centre. The score: Brooklyn..... 0 1 0 0 0 1 3—7 11 2 Cincinnati..... 0 0 0 0 0 0 0—0 5 0 Batteries: Grimes and Krueger; Dressler, Ring, Gerner and Wingo.

NEW YORK 2, CHICAGO 2
NEW YORK, May 15.—New York again defeated Chicago here yesterday, 2 to 2. Dubuc won his first game of the season, holding Chicago to four hits. Vaughn pitched well but had trouble with the lower end of the New York batting order. McCarty and Dubuc each driving in a run. The score: New York..... 0 2 0 1 0 0 0 0—2 7 1 Chicago..... 1 0 0 0 0 0 1 0—2 4 0 Batteries: Dubud and McCarty; Vaughn, Martin and Kilfliter, O'Farrell.

DIAMOND NOTES

The Braves improved their standing with the home folks yesterday when they got together and played errorless ball behind Rudolph. It was the first win of the year in Boston and sort of broke a well formed cake of ice.

When Cicotte outpitched Carl Mays yesterday it pushed the Red Sox down into fourth place, for at the same time New York and Cleveland were winning their games.

The Eastern League, embracing Providence, Waterbury, Worcester, Hartford, Springfield, Pittsfield, Bridgeport and New Haven, got under way yesterday for 1919. Providence, Worcester, Springfield and Bridgeport left the barrier first in the season's race.

Several faces familiar to old N.E.L. patrons are to be found in the lineups along the Eastern League circuit. Shortly Deo and George Tyler's young brother are with Worcester; Fortune pitched for Pittsfield, and Mulrannan won his game for the Providence Grays. Chief Meyers caught part of the game for New Haven until he was ejected after a hot fight.

Manchester, N. H., and Haverhill high schools, both of whom have been on Lowell high's schedule this year, played yesterday. The Manchester school winning easily, 13 to 2. Our old friends from Nashua were wallowed again yesterday, 14 to 5, this time by St. Joseph's of Manchester. Billie Page has a tough lot of ball tossers to work with this year.

Lowell high and Lawrence high never meet in any branch of sport which does not produce a real battle, and the same held true yesterday. It was a great old rally Joe Donahue's boys pulled at Riverside park and it took the heart right out of the downriver lads. Nothing is more satisfying to the winning club than a ninth inning comeback with a background of solid hits.

Mike Hayden, catcher-manager of the Lowell N.E.L. club, came to town yesterday for his fourth or fourth or fifth straight win. The quartet took an easy workout at Spalding park in the bright sunlight.

It became known yesterday that Larry McLean, former big league pitcher, has taken over the management of the Pittsburg team. Guess Billie Page must be slated for Haverhill.

Will Dick Conway step in and twirl a few innings for Lowell this year just as a reminder of the days gone by? He might, at that, in a game which Lowell has sewed up, 11 to 0, or the like.

MITCHELL SCHOOL WINS
The Mitchell boys school baseball team won from Wilmington high yesterday at Wilmington, 7 to 1. Craig, pitching for Mitchell, had 17 strikeouts, which assisted materially in keeping down the score of the opponents. The Billerica nine practically won the game in the second inning when five runs were chased over the plate. The score: Mitchell..... 0 5 0 0 0 0 2—7 8 4 Wilmington..... 0 0 0 1 0 0 0—1 10 3 Batteries: Cragin and Northrup, Carl and Hancock.

SHUBERT AND LOUISIANA

Winner of Tonight's Bout at C.A.A. Will Be Matched With Valger—Other Bouts

With a chance to meet Benny Valger, the French flash, who defeated Frankie Britt at Boston on Tuesday night, as an incentive for the winner of tonight's bout between Al Shubert and Louisiana at the Crescent City arena are bound to see a thrilling mill. The "Flash" is now looked upon as a coming champion, and an opportunity to mingle with him will prove a great boost for either Louisiana or Shubert. Louisiana has newspaper decisions over both Shubert and Valger, but both men aver that it will be a hard-out story in a 12-round bout. The southern sensation, however, avers that he will repeat his success against either performer and is out to stop Shubert tonight and then sign up to meet Valger. Tonight's bout looks like one of the best of the season. In the semi-final Phil Christie, who appeared against Freddie Madden in the semi-final to the Britt-Valger bout, will meet Young Drew of Lawrence. There will also be two bang-up preliminaries.

All Star Show
Matchmaker Jimmy Mahan announces that all men signed to appear at the All Star show to be staged by the Triangle A.C. at the Playhouse tomorrow night have a positive foretelling, guaranteeing their appearance, and that all men have notified him they are in the pink of condition. Eddie Barrell of Quincy and Buck Toles of Lawrence, who met in a whirlwind number here several weeks ago, will appear in one of the 10-round numbers tomorrow night. In their former bout here Dolan was awarded the decision, but Barrell claims that he should have received a draw and he is determined to even up the score. Frankie Lawson of Lowell and Teddy Murphy of Boston, two of the best bantams in these parts, will meet in a 10-round event. Both are claimants for the N.E. title. Tommy Doyle of Lowell, who staged a successful "come back" two weeks ago, and Kid Lee of Chelsea will be the performers in the other 10-round event. Battling Tony and Joe Clark, two local boys, will clash in the opening number, a six-round preliminary.

A GREAT OLD FINISH

Lowell High Comes From Behind and Bats Out Victory Over Lawrence

The fruits of victory are never so sweet as when plucked from the Lawrence orchard, and the Lowell reapers stripped the trees bare yesterday afternoon when the local high school baseball team defeated their ancient rivals at Riverside Park, Lawrence, 5 to 4. It was a typical Lowell-Lawrence game, a see-saw, a tug-of-war, a battle of attrition, but the digested bird of victory fluttered up on the Lowell standard at the close, seemingly perfectly contented there to remain.

Lowell's win came about through a slam-bang, go-get-'em, knock-'em-down and drag-'em-out finish, a last ditch rally which produced five runs and left the Lawrence boys groggy and weak around the knee caps. Going into the last frame one run to the bad, Coach Donahue sent his men in to win and before the inning was half over their bats had sent Pitcher Archibald reeling to the showers, the echoes of rifle-shot hits still ringing in his ears. Lawrence's boys, 500 of them, were all hot up, and right so, for early in the frame their team had forged to a 4 to 1 lead and looked perfectly safe winners. It was cruel and unkind, but infinitely satisfying to the Lowell followers and team members.

The fireworks in the ninth were touched off substantially as follows: Mahoney, first up, was thrown out at first by Archer, and the grandstand began to empty. The old rally music had a couple of kicks left. Condon stuck a single into left and Anastos was sent down to the bag to run for him. Ordayway shot a single through the infield, Anastos pulling up at second. Cahill, with one hit already to his credit, pulled a hard drive down the left field line, driving in Anastos and Ordayway and putting Lowell in the lead, 5 to 4. Reynolds fell on the first ball Archibald put over like a ton of cement and drove a long double to left, Cahill scoring. O'Hare duplicated his captain's hit with a driving hit to centre, Ray scoring, and O'Hare himself, coming across a second later when the throw into the diamond broke away from the Lawrence third baseman and rolled to the base. Five hits, five runs, Ordayway pitched his head off in the last half and held Lawrence safe. Archie was driven from the box on O'Hare's double and pitched to the next two batters, getting both of them.

Lowell started off auspiciously in the first inning, and scored two runs. The first was a gift, pure and simple. Cahill walked and stole and scored when the Lawrence pitcher threw to catch him off second, the ball rolling deep ahead. Reynolds then signalled was sacrificed to second by O'Hare and rode home on the first of Brosnan's three hits.

Lawrence tied the count and went ahead in the third by scoring three times on three hits and error by Gleason in centre. The old rally music started in this inning when W. Bradley, Lawrence's right fielder, went into second with both feet in the air, barefoot missing the bag. Cahill, who had the ball waiting for him, it looked like a deliberate attempt to spike the shortstop and was vigorously protested by the Lowell coach and players. The umpire let it pass, however. Don't pull that one again in Lowell on June 4, Mr. Bradley, or we will be forced to send you home to your folks.

Lawrence got another run in the fifth when Mohr and Kennedy pulled a double steal, the former scoring. Ordayway was working slowly and couldn't recover in time to catch the fast traveling Mohr. His pitch was a little wide, however, or else Reynolds would have had the ball. For he had the plate blocked like the wall of China. The story of the ninth has already been chronicled. The score:

MANSLAUGHTER CASE IS CONTINUED

The case of Herbert Harris, 18, charged with manslaughter in causing the death of Daniel Emery, 63, was called in police court this morning. As the inquest finding has not yet been made public, a continuance was granted until June 5, and a technical plea of not guilty entered. Bail was set at \$2000.

It is alleged that Emery was struck by an automobile driven by Harris on Middlesex street early Monday evening, and that his death at St. John's hospital yesterday afternoon came as a result of the injuries he received. The machine is owned by Ira Harris of

1016 Middlesex street, the father of the younger Harris. Police court today bore a striking resemblance to what may be expected after July 1, in that no members of the anti-temperance delegation answered the roll call when Judge Pickman took the bench. Three offenders charged with drunkenness were brought in during the evening, but having been found to be all first-timers were released by the professor of probation before the morning session convened.

PRIVY COUNCIL MEETS

Partial Revision of Organic System of Korean Government Decided Upon

TOKIO, May 15.—(By the Associated Press)—The Privy council met today under the presidency of the emperor and decided upon a partial revision of the organic system of the Korean government.

Rebuff For the Germans Continued

law. The reply of the allied and associated governments is as follows:

"They take note of the declaration made by the German delegates that domestic peace and the advancement of mankind depend upon the adjustment of the labor question and they are convinced that such adjustment will be rendered easier in the future than in the past, as men's minds are freed from the fear of war and industry is relieved of the burden of armaments which German militarism had imposed upon it.

"Part XIII. of the draft of the conditions of peace provides a means by which such adjustments can be made and section II. of this part of the draft lays down the principles which will progressively guide the labor organization and the League of Nations. Article 427 indicates clearly that the enumeration of the principles set forth is not exhaustive. The purpose of the labor organization is that it should promote the constant development of the international labor regime.

"The labor convention has been inserted in the treaty of peace and Germany will, therefore, be called upon to sign it. In the future the rights of your country to participate in the labor organization will be secured so soon as she is admitted into the League of Nations in accordance with Article I. of the treaty.

"It has not been thought necessary to summon a labor conference at Versailles. The conclusions of a syndical conference at Bern, which are reproduced in the draft of the international agreement on labor law referred to in the first paragraph of your letter of the tenth instant, had already been studied with the closest attention. Representatives of the trade unions had taken part in the preparation of the articles relating to labor. As appears, moreover, from the annex to section II. of part XIII., page 200, the program of the first session of the international labor conference to be held at Washington next October comprises the most important of the questions raised at the syndical conference at Bern. Trade unions will be invited to take part in that conference and it will be held under direct rules, which provide for due effect being given to conclusions subject only to the assent of the competent authorities in the countries represented.

"The draft of the international agreement on labor law prepared by the German government is deficient in that it makes no provision for the representation of labor at the interna-

Tried the Tonic Treatment and Regained Health

Maine Woman Finds That Rich Blood Strengthens Nerves and Improves Digestion

There are thousands of people who daily endure minor ills because they don't feel sick enough to consult a physician. They are not sick enough to give up their work and go to bed, but, as they themselves describe it, they're not well. A majority are suffering from the results of weak blood and the symptoms include indigestion, headache, palpitation of the heart, lack of ambition and exhaustion after little effort.

This was the experience of Mrs. Elizabeth G. Conley, of No. 93 Summer street, Lewiston, Maine, and she didn't gain relief until she tried Dr. Williams' Pink Pills. She says:

"My strength seemed to have been drained from my body by overwork. My blood was so thin that I was always run down, without strength or ambition. My color was poor and I felt very nervous. I couldn't sleep well and didn't have any appetite. Several of my friends had used Dr. Williams' Pink Pills and highly of them that I got a box. After the second package I improved so much that I was convinced that it was the remedy that I needed and I continued the treatment until my strength was built up. My color improved and I had new ambition for my work. I'm no longer nervous and sleep soundly. I can strongly recommend Dr. Williams' Pink Pills as a tonic."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams' Medicine Company, 233 N. Y. corner, New York City. Send for a free booklet, "Building Up the Blood."

Adv.—A national conference which is proposed. It is also inferior to the provisions submitted in part XIII of the peace conditions in the following respects:

"(a) Five years are suggested as a maximum interval between conferences (Article VIII). The peace conditions—once year (Article 380).

"(b) Each country has one vote (Article VIII). The peace conditions give a vote to each delegate, whether representing a government, employers or workers (Article 380).

"(c) Resolutions are only binding if carried by a majority of four-fifths of the voting countries (Article VIII). The peace conditions provide that a majority of two-thirds only of the votes cast shall be necessary on the final vote for the adoption of a recommendation or the draft of a convention by the conference (Article 105).

"The allied and associated governments are, therefore, of the opinion that their decisions give satisfaction to the anxiety which the German delegates profess for social justice and insure the realization of reforms which the working classes have more than ever a right to expect after the cruel trial to which the world has been subjected during the past five years.

"Accept, sir, etc.

"The German Peace Delegation to His Excellency, the President of the Peace Conference.

"Versailles, May 10, 1919.

"Sir: With reference to Articles 55 and 56 of the proposals for the establishment of a League of Nations submitted to us, we beg herewith to transmit the draft of an international agreement on labor law prepared by the German government.

"The German government is of one mind with the allied and associated governments in holding that the greatest attention must be given to labor questions. Domestic peace and the advancement of mankind depend vitally on the adjustment of this question. The demands for social justice repeatedly raised in this respect by the working classes of all nations are only partly realized in principle in section XIII of the draft of peace conditions of the allied and associated governments on the organization of labor. The sublime demands have, for the most part, been realized in Germany with the assistance of the working classes as is generally acknowledged in an exemplary manner. In order to carry them into execution everywhere in the interests of mankind, the acceptance of the program of the German delegation is at least necessary. We deem it requisite that all states should join in the agreement, even though not belonging to the League of Nations.

"In order to guarantee to the working classes, for whom the proposed improvements are intended, co-operation in the framing of these provisions, the German delegation is of the opinion that representatives of the national trade union organizations of all the contracting powers should be summoned to a conference at Versailles to discuss and take decision on international labor law before peace negotiations are terminated. The proceedings of this conference should, in the opinion of the German delegation, be based on the resolutions of the international trade union conference in Bern, Feb. 5 to 9, 1919, and the program for international labor legislation addressed to the peace conference in Paris, which emanated from the decisions of the international trade union conference in Leeds in 1916. At the request of the trade unions of Germany, we beg to enclose a copy of these resolutions, which have been adopted by the representatives of the trade union organizations of Bohemia, Bulgaria, Denmark, Germany, France, Greece, Holland, Italy, Canada, Norway, Austria, Sweden, Switzerland, Spain and Hungary.

"Accept, sir, the assurance of my highest esteem.

"BRONCKORFF-RANTZAU"

MILLIONS ARE
FACING DEATH

BERLIN, May 15. (By the Associated Press).—One of the three notes handed yesterday by Count von Brockdorff-Rantzau, head of the German peace mission to M. Clemenceau, president of the peace conference, says that the economic terms of the peace treaty mean that many millions of people in Germany will perish "if the more quickly as the nation's health is already broken by the blockade."

The note points out that Germany in two generations has passed from an agrarian to an industrial state. As an agrarian state it could feed forty million persons, and as an industrial country it was able to provide food for 67,000,000, the note declares. Before the war it is said 15,000,000 Ger-

mans were dependent for their living upon foreign trade, shipping and foreign raw materials. The note proceeds to indicate in detail how the peace conditions would produce economic paralysis, destroy German industry and make it impossible to provide work and food for millions of people who would be obliged to emigrate or perish.

No relief work, however, large its scale or however long in duration, could prevent wholesale loss of life, the note says.

"The peace terms," the note continues, "would demand of Germany several times as many victims as did the war. There have been nearly a million victims of the blockade."

The count concludes by stating that he considers it his duty, before presenting further details to bring these general remarks to the knowledge of the allied and associated delegates, and he promises to furnish statistical evidence, if it is required.

BONAR LAW TALKS ON IRISH SITUATION

LONDON, Wednesday, May 14.—An- drew Bonar Law, government leader in the house of commons, admitted today that Premier Lloyd George had asked Frank P. Walsh, Edward Duggan and Michael P. Donohoe, representatives of Irish societies in the United States, to call on him, as he thought it would be to the advantage of Americans to interest in Ireland to be received by him. He had planned to lay before them the British case and have it widely reported in America, where it was insufficiently understood, Mr. Bonar Law said.

The premier has now withdrawn the invitation, according to the government leader, because, while he is willing to receive those who "come to Ireland and not only take part in the politics of Ireland but also in rebelious movements."

ernment and it is probable that some of them will be inaugurated soon after the peace conference has finished work and promulgated its decisions for the control of aviation. In addition France will establish air routes which will be entirely within her own boundaries and therefore under her control alone.

One of the most pretentious schemes is that for a service which will run London-Paris-Marseilles-Rome-Naples-Brindisi-Constantinople. Another line will be established between Paris and Morocco, and Paris and Madrid probably will be linked up.

There are at present two services out of Paris, one to London and the other to Lille and Brussels. The former is at the moment for military business only but plans have been laid for a service that will benefit the general public. So far there is no intention to make this a passenger service but the feasibility is being discussed of sending telegrams and special delivery letters between the two capitals by air. It takes only about three hours for the trip so that a telegram could be delivered quicker in this manner than by wire. It is probable that a charge of perhaps three francs would be made for the carrying of letters.

The line between Paris and Brussels is for passengers and an airplane is making one trip a week each way. The fare is about 200 francs. This service is a private enterprise run by one of the big airplane firms, although it is government controlled.

Two other firms are about to start similar services with the permission of the government. In view of this it is probable that no regular government service will be established, although of course, military airplanes are carrying supplies and despatches.

DEMobilization OF MULES AND HORSES

DALLAS, Tex. (Continued from the front page).—The time required to fly to Brussels from Paris is about two hours and a half.

The figures show that during the war the government bought 115,000 head of horses and mules at a total cost of \$27,000,000 in the southern and central purchasing zones. When hostilities ended the government owned about 300,000 head of horses and mules, 200,000 in the United States and 200,000 in France, only 70,000 of the latter number having been shipped from this country.

Because of the big demand for these animals on central west farms the government has been hurrying distribution and when auctioneers now advertised are completed 150,000 animals will have been placed on farms since January 1. Cavalry horses cost the government an average of \$165, artillery horses \$150 and mules \$150, according to these figures. At the sales, cavalry horses have brought an average of \$55, artillery horses \$150 and draft mules \$150. The sales have included many worn out animals, some selling for as little as \$10. On the other hand, many animals have brought fancy prices.

BON MARCHE CLERKS

HOLD 12th ANNUAL

Members of the Bon Marche Clerks Mutual Benefit association held their 12th annual dancing party last evening in Associate hall and the affair was a typical Bon Marche success from beginning to end. Detailed arrangements had been perfected by the committee in charge to make the evening most enjoyable for the large number of young people present. Broderick's orchestra furnished the music and a dance order of 20 numbers with plentiful extras was carried out.

Perhaps the pre-eminent feature of the evening was the truly novel decorative scheme carried out under the artistic direction of Arsene Lemieux, window dresser of the company. A Japanese effect was the theme of the adornments and through it all there ran constantly the national colors. Small American flags served as a background and all the decorative efforts seemed to find a vortex in a miniature Statue of Liberty supported by a large white base in the center of the hall.

From the chandeliers hung Japanese lanterns and flower boxes and below these were lanterns lighted with incandescents. A fence and lattice work effect hid the orchestra from view on the stage and to the left a corner was set off with the national colors. Red, white and blue streamers ran from the sides of the hall to the centre chandelier.

Those in charge of the affair were: General manager, Morton M. Walker; assistant general manager, Frank Sullivan; floor director, Joseph Vaillancourt; assistant floor directors, Elizabeth Hennessey, Rosalie McGuinness; chief aids, Arsene Lemieux, Margaret Chisholm, Loda Delisle, Helen Holmes, Margaret McDermott.

YANKS RAIDED WINE CAR

931 Officers and Men of
Third U. S. Army Ordered
To Reimburse French Co.

COBLENZ, May 1.—(Correspondence of the Associated Press)—Nine hundred and thirty-one officers and enlisted men of the Third United States Army have been assessed approximately 27,000 francs to reimburse a French railway company for the loss of 2175 bottles of champagne which disappeared near Toul, last December. Findings of an army board, which had the case in hand for several months, were announced recently.

The officers and men, all from the army of occupation, were on their way to an army school at Chantillon-sur-Seine and according to testimony before the board the champagne disappeared one night soon after the Americans arrived in Toul. While a number of French soldiers were also involved, testimony at the hearing did not bring out just who discovered the freight car loaded with wine nor who were the first individuals to start handing out the bottles.

The contention of the railway officials was that the wine had been drunk by the soldiers, and that the Americans had had a hand in the affair and so the board decided to pro rate the cost of the champagne among all the Americans on the train, according to their pay allowances.

Three majors, 15 captains, 92 first lieutenants, 172 second lieutenants and 617 enlisted men were involved. The railway employees reported that the morning after the raid on the car of champagne, there was nothing left but bottles, many of which had been broken.

SUNDAY BASEBALL BILL KILLED IN HOUSE

BOSTON, May 15.—The Massachusetts house of representatives yesterday killed the bill which would permit amateur baseball and other sports on Sundays, between 2 and 8 p. m., provided that the act was accepted by the municipality, that no admission fee be charged, that no business or other enterprise or collection be carried on in connection with the sport, and that its conduct should be subject to regulation by the local authorities. The vote was 101 in favor of the bill and 123 against.

The debate took practically all of the morning session of the house and some time in the afternoon. A majority of the committee on legal affairs, which heard the matter, had reported adversely on the bill permitting amateur games on Sunday, and that report came up in the house yesterday morning.

Mr. Fairbanks of Springfield moved to substitute for the report of the committee the bill outlined above. The question before the house was Mr. Fairbanks's motion.

The arguments for and against the bill were the same which have been presented year after year before the committees of the legislature and on the floor of the house. Those who spoke in favor of the bill were Messrs. Fairbanks, Mitchell of Springfield, Gillett of Boston, McDonnell of Boston, Abbott of Haverhill, Sawyer of Ware, Jordan of Lawrence, Sackleton of Holyoke, Murphy of Holyoke, O'Connor of Chicopee, Baldwin of Brookline and Kellier of Cambridge. Those who opposed the bill were Messrs. Greenwood of Everett, Beardsley of Boston, Kneeland of Winchester, Monk of Watertown, Brier of Boston, Simonds of Lynn and Gibbs of Waltham.

Mr. Lane of Boston moved an amendment which would also ward option on the bill in effect. That amendment was voted down almost unanimously, and then, by the vote stated above, the house refused to pass the bill, and substitute the bill for the unfavorable committee report. A moment later the report itself was accepted.

The bill to prevent speculation on theatre tickets was postponed until today so that amendments proposed by the committee on bills in the third reading might be printed.

Boston and Maine Bill Passed

The bill to extend the time within which the reorganization of the Boston and Maine railroad might be brought about was passed to the next legislative session by the house yesterday.

By a practically unanimous vote the house referred to the next legislature the bill for the commitment by the superior court of feeble minded persons held for trial.

On the bill to fix the minimum wage of women, the committee on bills in third reading, by Mr. Powers of Newton, reported that it was unconstitutional. Atty. Gen. Altwell having said that the inclusion of private with public employment made it unconstitutional.

Mr. Powers said that if private employment were cut out the bill would be constitutional. Mr. Noland of Boston favored the bill, quoting an informal supreme court member's expression.

Mr. Bulch of Boston wanted private

HOW LOWELL REPRESENTATIVES VOTE ON SUNDAY BASEBALL BILL

(Special to The Sun)

STATE HOUSE, Boston, May 15.—Lowell's delegation in the lower branch of the general court split three to two yesterday in favor of the bill permitting amateur sports Sunday afternoons after 2 o'clock.

Representatives Brennan, Corbett and McLaughlin voted for the bill, while Representatives Jewett and Putnam recorded themselves against it. Rep. Henry Acton, Jr., was one of the ten members not recorded. The bill was defeated, 191 to 128.

BRAZILIAN JOURNALIST DENIES ATTACK ON U. S.

RIO JANEIRO, Wednesday, May 14.—The newspaper A Noite publishes a statement by Medeiros do Albuquerque, a widely known Brazilian journalist,

regarding a despatch from Washington in which surprise was expressed at an interview published by the A Noite on Sunday, in which he was quoted as attacking the United States. In the statement published today, he denies having ever sent any despatch from the United States praising that country for its part in the war, or its interest in Pan-American affairs and insists that never during his recent visit in the United States did he send a newspaper despatch of any kind.

"On the contrary," he is quoted as saying, "more than once in letters I called the attention of the Brazilian delegates to the peace conference to certain delicate points in the covenant of the League of Nations, a fact to which they can attest. I can give excellent proofs of every statement in my original interview."

BASEBALL LEAGUE IN FRANCE

PARIS, Tuesday, May 14.—The University Baseball league of France was organized today. It will be made up of two circuits, with every French university attended by students from the American Expeditionary Forces represented. The officers of the league are: President, John G. Powers; vice president, Major J. T. Quinn, University of Grenoble; secretary, Chaplain Paul M. Trout, of the University of Paris.

PROTECT ANCIENT RUINS

MEXICO CITY, May 14.—The department of agriculture and development has obtained funds for the protection of the ancient ruins of Mitla, located in the district of Tlaxiotepec, state of Oaxaca, which have been subject to depredations. A commission of the government bureau of archeology will have charge of the work. The Mitla ruins are among the oldest left by the tribes that preceded those conquered by the Spaniards early in the 16th century.

CONVICTION IS REVERSED

Court Says Members of Bible Students Asso. Did Not Have Fair Trial

NEW YORK, May 15.—The conviction of Joseph Rutherford and seven other members of the International Bible Students' association and allied organizations of violating the espionage act, was reversed today by the United States circuit court of appeals.

The opinion states that the defendants who were convicted by a jury before Federal Judge Harlan C. Howe in Brooklyn, did not have a fair trial.

SELF-DETERMINATION FUND GROWING

Among the subscriptions reported today by Treasurer Thomas J. Fitzgerald of the committee in charge of the campaign being conducted in Lowell this week in the interest of self-determination for Ireland were the following: Patrick O'Hearn, \$100; Peter H. Donohoe, \$100; Sisters of St. Patrick's Home, \$25; Peter H. Savage, \$25; Owen Monahan, \$10.

The campaign is progressing most favorably and with continued support on the part of the public, the committee is confident that the drive will attain its desideratum, a \$10,000 quota, by next Monday evening when the campaign ends. The solicitors are working hard. People who wish to subscribe and have not yet done so are reminded that they may send their subscription to the treasurer, Thomas J. Fitzgerald, at 465 Merrimack street.

Captains of the nine teams of solicitors are requested to meet this evening in room 10 of Associate building for a discussion of plans to send the drive way over the quota in the few days that remain.

Suppose that for one cent you could insure the quality of your cake, biscuits, etc., wouldn't that be real economy?

Well, one-cent is about the difference in the cost of a whole cake or a pan of biscuits made with Cleveland's Superior Baking Powder as compared with cheaper baking powders made from alum or phosphate—a trifle, indeed, to insure the quality and wholesomeness of your baking.

NEW AMERICAN SCHOONER BURNED

MONTEVIDEO, Wednesday, May 14.

The new American five-masted schooner City of Mobile which arrived here on March 25 from Port Arthur, Tex., with a cargo of petroleum was burned this afternoon. One member of her crew is missing and seven were injured. The loss is estimated at \$500,000.

The fire followed an explosion. Newspaper reports say that faulty construction of the vessel was a contributing cause, and that she was in trouble during her voyage to this port from this reason.

Plot To Wreck Many Cars
—One Car Blown Up

LAWRENCE, May 15.—A quantity of dynamite buried in the dirt with fuses laid across the street car tracks, was found by the police near Cook's corner, Methuen, early today. Cars from the verbiel with workers for the textile mills here, where a strike has been in progress for more than three months, pass over the Cook's corner route and the first car was due a short time after the discovery of the explosive.

A few hours previously a work car, carrying only the motorman and conductor, was wrecked by an explosion in another section of Methuen. This led the police to examine the tracks throughout the city with the result that dynamite was found near Cook's corner. The work car was running extra and it is thought that the explosive which it set off, had been placed in position after the last regular car had passed for the purpose of blowing it up early morning car loaded with operatives on the way to the mills.

ON CAR TRACKDastardly Attempt on Lives
of Lowell Police on Way
From LawrencePlotters' Calculations Miscar-
ried—Car Smashed, Mo-
torman Seriously Injured

What is believed to have been an attempt, last night, at Glen Forest, to kill or seriously injure a squad of ten Lowell policemen on their way from Lawrence to this city resulted in the partial demolition of a car and serious injury to a motorman.

Many officers and patrolmen from Lowell and other cities had been on duty in Lawrence since the big strike started and inasmuch as they had been relieved from duty, the Lawrence police planned a farewell banquet in their honor. The event was staged last night and the Lowell men were that the affair was good enough to make them forget even an attempt on their lives by the strikers or strike sympathizers.

It seems that the package containing the dynamite was planted on the tracks at Glen Forest, the would-be murderers evidently thinking that the Lowell men would come home on the last Lowell-Lawrence car. Their calculations miscarried, however, inasmuch as the Lowell car had already passed the danger point.

The dynamite was finally exploded by a car bound for the No. Lowell turnout. The car was pretty badly wrecked and the motorman, Fred Greenwood, was seriously injured when a piece of steel rail was forced through the floor of the vestibule, striking his right leg. Luckily there were no passengers on the car, which was making its final trip back to Lawrence.

Many of the windows of the car were shattered, and about three feet of track blown out. The front trucks of the car were also badly damaged. The wrecking crew was called to the scene, and the damaged trolley was taken into the Lawrence car barn.

His Honor Mayor Thompson, Supt. Welch, Commissioner Donnelly and Chief Conway of the Cambridge Cox's force also attended the banquet, making the trip by auto. Several talented speakers were present, and a high tribute was paid to the police officers of Lowell and the other cities whose men have assisted the Lawrence police in enforcing order during the strike.

Impossible to Fulfill Terms Says

Head of German Delegation

BERLIN, Wednesday, May 14.—Count von Brockdorff-Rantzau, the head of the German peace delegation, in communicating to the other members of the delegation the text of the three notes he sent to Premier Clemenceau, pointed out that the peace treaty in its present form could not be accepted and could not be signed because it was impossible to fulfill its terms.

Despatches from Versailles reporting the court's action add that he told the German delegation that it would sign nothing it was not intended to fulfill. The delegation, he continued, would endeavor to improve the treaty and make its signing possible.

Lowell Cotton Mill Operatives to
Ask For 15 Per Cent IncreaseRequest To Be Presented Today or Tomorrow—In-
crease Would Affect About 25,000 Operatives in
Lowell—Movement For Increase Is Nation Wide

The cotton mill operatives of this city through the Lowell Textile council, an organization composed of unions affiliated with the United Textile Workers of America, will present a request for a 15 per cent increase in wages, so it was learned this afternoon. The request if granted, will affect about 25,000 employees and will become operative June 2.

The movement for a 15 per cent increase in wages is nation wide with the United Textile Workers of America, in an endeavor to make up for the six hours lost through the enforcement of the 15-hour week. It will be remembered that last February when the United Textile Workers of America presented a demand to the textile manufacturers for a 15-hour week, the question of wages was not included, it being stated at that time that the wage question would be taken up later. It is expected that the mill officials will receive the demand this evening or tomorrow.

MANCHESTER WORKERS
REQUEST INCREASE

MANCHESTER, N. H., May 15.—A request for an increase of 15 per cent in wages to go into effect June 2, was sent to the cotton textile mills of this city employing 20,000 members of the United Textile Workers of America this morning. In the communication from the textile council, it is declared that one request is part of a nation wide demand of the international union and that under no circumstances is a local union or textile council permitted to change the amount of increase demanded. The textile workers here, 15,000 of whom are employed by the Ameskeag Manufacturing Co., received a general advance last year and the 45 hour week a few weeks ago.

PARIS, Wednesday, May 14.—The Council of Four has declined to consider the note from Count von Brockdorff-Rantzau, chief of the German peace mission, relative to international labor legislation. In a note sent to the German delegation today, M. Clemenceau, president of the peace conference, says that the allied and associated governments are of the opinion that their decisions give satisfaction to the anxiety which the German de-legate professes for social justice and insure the realization of reform which the working classes have more than ever a right to expect after the trial tribulation to which the world has been subjected during the last five years.

ST. JOHN'S, N. F., May 15.—The American naval dirigible C-5, scheduled for a possible non-stop flight from this port to the British Isles, arrived here today after a day and night cruise from Montauk Point, N. Y. The balloon had been in the air 25 hours and 40 minutes.

The C-5 reached the Quiddidi anchorage at 1:15 p. m., Greenwich (9:45 a. m. New York) time. The start from Montauk Point was made at 8 a. m. yesterday.

The clear weather which prevailed throughout the balloon's cruise from Montauk Point yesterday was succeeded by fog and rain. The Chicago's radio operator received both telegraph and telephone messages from the blimp this morning. The telephone was indistinct but the telegraph flash said that the blimp's motorist had made an error in reckoning his bearings. A few minutes later word was received that the course had been corrected and that the blimp was proceeding toward the anchorage here.

The C-5 was ready for a flight across the Atlantic, her commander, Lieut. Commander Coll declared as he stepped out of the basket. Both the crew and the machine stood the trip well, he said. As yet, he added, no orders had been issued for future movements.

With Lieut. P. P. Campbell at the wheel, the big bag made a perfect landing within the narrow confines of the old cricket field used as an anchorage. It had been seeking St. John's for several hours, its radio out of commission, and the last few miles of the journey were made by following the railroad track.

PHILADELPHIA HONORS
HER WAR HEROES

PHILADELPHIA, May 15.—The state and city today formally welcomed home the men of the 28th Division, composed largely of former Pennsylvania national guardsmen.

Headed by Maj. Gen. Charles H. Muir, their commander, the boys of the Iron Division, more than 17,000 of them, marched eight and one-half miles through streets bedecked with flags and banners, walled by stands crowded with spectators and aglow with all kinds of decorations. It was estimated that at least two million persons saw the parade. Other states were represented by large delegations, 125 men and women coming from Augusta, Ga. The 28th trained at Camp Hancock, near Augusta.

The parade was preceded by a formal entrance in honor of the 1915 men of the division who gave their lives. Upon the band-drawn caisson reposed a great floral key-stone with the figures 28 and 65, wreaths of bay, one for each county of the state and one for the state. The catafalque was drawn by eight white horses, each led by a soldier and the whole flanked by a guard of honor composed of winners of Distinguished Service Crosses.

At Independence Hall, the soldiers passed under a court of honor. The historic Liberty Bell was brought from its shrine in the corridor of the hall and placed in front of the building. The statue of George Washington having been removed for the occasion, the Liberty Bell was the home of the American League Baseball club, was transformed into a vast mess hall. Here the men were served dinner after the parade by 500 Red Cross workers. A canopy covered the entire park for protection in case of rain.

TWO ARRESTED IN BARRE
MURDER CASE

BARRE, Vt., May 15.—Mrs. Isabel A. Parker and George A. Long, aged 29, a lodger for a short time at Mrs. Parker's house, were arrested today on the charge of murder in connection with the death of Mrs. Harry E. Broadwell, aged 29, and the mother of three children, whose mangled body was found in a garden off North Main street, Sunday morning, May 4.

Under surveillance, was arrested to be in city court when the respondents are arraigned tomorrow. Mrs. Parker and Long will not be admitted to bail and have been taken to the Montpelier jail to await action of the grand jury. It is said that Long has admitted that Mrs. Broadwell was in Mrs. Parker's house Saturday night, May 3, where he was a lodger, and declared that she left at midnight to return home before her husband arrived there. Long had previously denied that Mrs. Broadwell was in the Parker house that night. He then expressed the opinion that Mrs. Broadwell was snatched on her way home from the Parker house.

Long was born in New Brunswick, has been a lumber man, lived in Boston for a time, and came to Barre last fall. He has been in the Vermont house of correction for forgery, through conviction at Montpelier.

Mrs. Parker is a widow 65 years old, and has lived here all her life except for a few years in Marshfield, Vt., where she was born. Since the death of her husband, Taylor Parker, 10 years ago, she has lived at 119 South Main street.

Body Laid at Rest After
Impressive Services at
Westminster Abbey

LONDON, May 15. (By the Associated Press).—England today paid tribute to Edith Cavell, the English nurse executed by the Germans at Brussels, Oct. 12, 1915. The body, en route from Brussels to her native village of Norwich, was taken to Westminster Abbey for an impressive memorial service.

It was a public funeral in which it seemed, every resident of the great metropolis endeavored to participate. The streets through which the cortege moved were congested with crowds and every inch of standing room in the neighborhood of the abbey was occupied by a densely massed multitude which was eager to do reverent homage to "that brave woman" as the bishop of London described her, "who deserves a great deal from the British empire."

High Officials Present
The congregation at the abbey included high officials of the government, representatives of foreign countries and men prominent in many walks of life. King George was represented by the Earl of Athlone, brother of Queen Mary. The service was conducted by the dean of Westminster. No address was delivered. The opening sentences of the burial service were sung by the choir, which then sang the 23d psalm and a short lesson from the revelations of St. John. Then came Sullivan's anthem: "Yea, Though I Walk Through the Valley of the Shadow of Death, and I Heard a Voice from Heaven."

The Litany, the Lord's Prayer and two collects were then repeated, followed by the hymn "Abide With Me." The benediction was then pronounced and the last post and reveille were sounded.

The service which began at noon, lasted half an hour. The procession left the abbey to the strains of Chopin's funeral march and proceeded to the station, where the coffin of plain oak was placed on a train for Norwich.

On the coffin was the simple inscription: "Edith Cavell. Born Dec. 4, 1865. Died Oct. 12, 1915."

Body Laid at Rest

At Norwich the coffin was placed on a gun carriage and taken to Norwich cathedral. The service was officially designated "For the funeral of Edith Cavell, a nurse who gave her life for her countrymen." As the coffin was taken into the cathedral, the hymn, "Now the Laborer's Task is O'er" was followed by the reading of the lesson: I, Peter, 11:19, by Canon Dechair. Then came the anthem: "I Know That My Redeemer Liveth" and Chopin's funeral march. While the hymn, "A Brief Life is Here Our Portion" was being sung, the procession formed for the march to the grave. There the latter portion of the burial service was conducted by the bishop, and the hymn, "Abide With Me," which Miss Cavell repeated shortly before her execution by the Germans, was sung. The benediction was then pronounced and the hymn sounded the last post.

The party which accompanied the body from Brussels to Norwich included eight members of Miss Cavell's family and prominent British and Belgian officials.

Doctor Advised Change of Climate

Run Down and Lungs Hurt—
Stayed Home and Gained
22 Pounds

In November, 1911, I had a severe cold and in gripple, which left me with a bad cough. My lungs and shoulder blades hurt so I couldn't sleep and I finally had to give up my job as a car motorman. My physician told me to change climate. In April, 1912, I began taking Mils Emulsion. On the 15th of April I could see a change. My appetite was better and I commenced to gain strength and weight. Now (August 23, 1912) I have used 23 bottles. I have increased 22 pounds in weight, and believe I am permanently cured. —W. F. Bourland, Route 5, Wolf City, Texas.

Mr. Bourland was fortunate in commencing to use Mils Emulsion while his case was in an incipient form. Even in many advanced cases, Mils Emulsion has wrought wonders. It costs nothing to try—it is guaranteed. Mils Emulsion is a pleasant, nutritive food and a powerful medicine. It restores health, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food as a builder of flesh and strength. Mils Emulsion is strongly recommended to random nervous people and it has produced amazing results in many cases of tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so reliable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children.

No matter how severe your case, you are urged to try Mils Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Mils Emulsion Co., Terre Haute, Ind. Sold and guaranteed by Fred Howard,—Adv.

GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen feet and limbs, weakness, dizziness, nervousness, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL HANFLEM Oil Capsules. This old and tried remedy for kidney trouble and allied derangements has stood the test for hundreds of years. It does the work. Pain and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day.

GOLD MEDAL HANFLEM Oil Capsules are imported from the laboratories at Hanflem, Holland. Do not take a substitute. In sealed boxes, three sizes.

Women Backing the Soldier Boys

When the history of the war has been written, the work done by the women at home will impress itself upon this nation as few even now realize. Literally, millions of women left their homes and took up war activities into which women had never before been called, and many more at home devoted long hours at war idleness and preparing surgical dressings for the boys "over there." Some may have worked at the expense of health and are now suffering from headaches, backaches, dragging-down pains or some derangement. It should be remembered that Lydia E. Pinkham's Vegetable Compound for more than forty years has been restoring such women to health and strength, and is now recognized as a standard remedy.

evening at Memorial hall, of the Lowell Historical society.

Resolutions were presented as representing the work of a committee whose chairman was the Rev. Wilson Waters. John A. Bailey, Charles H. McIntire, Philip S. Marden, Alfred P. Sawyer and Rev. Mr. Waters spoke of their close and pleasant acquaintance with Judge Hadley and the work he accomplished in Lowell.

Miss Bessie Hadley, the judge's daughter, read by request, her father's written account of his visit to Gad's Hill, the estate of Charles Dickens, in England, in company with Solon Stevens. At the close of the meeting the president of the society, Alfred P. Sawyer, paid an eloquent tribute to Judge Hadley.

The society has recently come into possession of a number of historical books, paintings and papers and they will be carefully preserved. These things include a fine large oil painting of Daniel Webster, a painting of Kirk Root, which formerly belonged to the Middlesex Mechanics association.

It was voted last evening to have the local society affiliate itself with the Bay State Historical league which now has an associate membership with 40 historical associations in this state whose aims and activities are similar to those carried on by the local organization.

Asiaties Flocking to Mexico

MEXICO CITY, Wednesday, May 14.—Reports to newspapers here reflect considerable concern over the increasing number of Chinese and Japanese arriving in the Pacific coast states of Mexico. It is declared that five thousand Asiaties arrived during March and that, unless restricted measures are taken, the number of immigrants for the current year will total 100,000.

Most of the Asiaties entering the country are taking up farming in the states of Sonora and Sinaloa.

SAN FRANCISCO, Cal., May 15.—When speed of the protected cruiser Marblehead, steaming here from San Diego, was mysteriously impeded off Pigeon Point investigation by searchlights showed a 60-foot whale on the cruiser's bow ram. It was towed into port and Commander Charles P. Hull said it would be placed on sale for \$300, which amount has been needed by the crew for an entertainment to be given soon.

FOR THE SUPPORT OF WOMEN'S HOSPITALS

A drive for \$250,000 for the support of the American Women's hospitals in Europe and the near east, and of which the North Middlesex district has an allotted share of \$1000 has been launched and Dr. Emma Young Slaughter of Lowell is district chairman for this territory. Lowell's part of the district quota is \$750, which is to be raised before June 1, if possible. It is a small amount for a most worthy work and undoubtedly will receive liberal patronage even in these days of numerous campaigns for money.

The hospitals which need support for the current year are in France, Serbia and the near east, seven in all, under the control of the American Women's Hospitals association, affiliated with the American Red Cross and organized by the war service committee of the Medical Women's National association. Gifts may be in the form of yearly memberships of \$1 each or in lump sums. Checks should be made payable to the American Women's Hospitals and may be sent to Dr. Slaughter, 545 School street, Lowell.

The campaign will particularly be pushed in the interests of the hospital work in Serbia, for word has come from that country that immediate aid is required. Large areas of that country are entirely without medical aid and only 140 physicians remain in the whole country, so completely depleted is her medical force due to the war.

LOWELL'S MEMORIAL DAY CELEBRATION

Plans for Lowell's Memorial day celebration are gradually rounding into definite shape and it was announced today that Dudley L. Page had been appointed chief marshal in place of Capt. George E. Worthen who has resigned the position. Mr. Page has not yet chosen his chief of staff.

Post 42 of the G.A.R. will be led in the parade either by John Harrington, senior vice commander, or Nathan Lanson, junior vice commander; Post 129 by Commander Frank B. Flanders and Post 155 by Commander Franklin S. Pevey.

Among the organizations which will participate in the parade besides the G.A.R. are the state guard, High School regiment, Boy Scouts, Spanish War Veterans, Sons of Veterans and Veterans of the world war. The latter veterans have not yet perfected an organization but the Memorial day committee extends an invitation to them as individuals to appear in the parade either in uniform or civilian clothes. It is planned to have Col. Charles A. Stevens take care of the soldiers.

TELEPHONE GIRLS PLAN DANCE

A joint meeting of the members of locals 134 and 542, I.O.O.F.W. was held last evening in Lincoln hall with Miss Helen M. Moran in the chair. Considerable business was transacted and it was voted to conduct a dance at Lincoln hall in the latter part of the month and the following committee was appointed to look after arrangements: General managers, Miss Helen M. Moran and Joseph T. McElroy; floor directors, Miss Anna McMartin and Ralph Scott; pianist, C. V. Burdick; Geo. Murray and Miss Ruth Flint; treasurer, Miss Anna McQuaid.

The local evening newspaper is the paper that reaches the home when the whole family is there to read it. The Sun fills this field in Lowell.

Have you seen the measuregraphs on the third floor and in the ribbon department? They cut, measure, and calculate at the same time.

McCall's Patterns

Economy, simplicity, style, individuality—all these are yours when you let your dressmaking be guided by a McCall Pattern. And never before have we shown such varied and smart effects in Silks and Dress Goods. And you've never known prices so tempting.

SINN FEINER RESCUED— POLICEMAN KILLED

KNOCKLONG, Ireland, May 15. (By the Associated Press.)—Four police officers, who were taking a Sinn Fein prisoner to Cork, were attacked by an armed band at the Knocklong station yesterday. The armed men rescued the prisoner and killed one of the policemen and seriously injured another. A third policeman is missing.

Knocklong is a small town in County Limerick, about 8 miles southeast of the city of Limerick. It is on the Great Southern & Western railway.

INFANT MORTALITY TAKES BIG DROP

Lowell's mortality rate for the week ending May 10 took a commendable slump, according to figures received today at the office of the board of health. Lowell's rate was 12.9, making her the 250 from the top. Pittsburgh was in the lead with 22.9, Milwaukee second with 22.5 and Omaha third with 20. Columbus was lowest with 2.7. The average was 14. Rates for the large cities were: Boston, 13.6; Chicago, 19.8; New York, 14.6, and Philadelphia, 12.7.

SALVATION ARMY WELL SUPPORTED

The Salvation Army has been offered support for its coming drive from many solid sources. Adjutant Clark stated to The Sun today, and callers are dropping around hourly eager to help either by work or asking for posters to display in the cause.

"We are getting the hearty co-operation of Lowell's merchants for our poster display," said the adjutant. "The local street railway company has also accepted display signs for their cars. We are going to make a special appeal to the merchants, however, to give us a word in their advertising. Our campaign will be run on the lines of hard work, rather than by expensive attractions, but everyone is willing, and we are assured of success."

The adjutant has received some original photos of famous people in the army organization. These are to be mounted and will attract much interest. Among them is one of Stella Young, Chelsea, who was the original doughnut girl in France. Her picture shows her carrying a supply of the rings which made her famous and the smile is the smile which cheered the scores of doughboys when cheerers were scarce. Another photograph shows Mrs. Brigadier Sheppard decorating with flowers some of the unknown graves in France.

In connection with the big drive which opens throughout New England next Monday it should be remembered that not a penny of the receipts of the home service fund will be devoted to war work, or to any of the foreign endeavors of the army. Neither will the money raised in Lowell be sent to any other city that has failed to realize its share in the drive.

Each city is standing on its own feet and will reap the fruits of its own labors. This is a highly important announcement which the projectors of the campaign wish to impress upon every man, woman and child in the community. To the end that the charitable silver may know that whatever he contributes is to be spent here, and spent right.

Major Albert Widgery of Portland has been secured as the principal speaker at this evening's meeting of the campaign committee, which will be held in the board of trade rooms at 7.35. He is said to be a thrilling and interesting speaker, and will describe the work of the Salvation Army—and men, too, on the battlefields "over there." Any one interested in the work of the organization is invited to attend this meeting, and it is expected that a score of teams will be formally organized and put into shape ready to help send the Spindle City over the top again when the drive opens next week.

TRYING TO LOCATE HEIR

Private L. T. Vaillancourt, a former resident of this city, who was with the Canadian army died recently, according to information received from Ottawa, Ont., and he has left a will in favor of Isidore Vaillancourt, who at one time resided in this city, and the director of military estates at Ottawa is now endeavoring to locate the heir. It was learned today that several years ago Isidore Vaillancourt lived in this city, but no trace of him can now be found and it is believed he is making his home either in Fall River or New Bedford.

WOMEN AGAINST TREATY

Resolution Criticizing Terms
Was Seconded by Miss
Jeannette Rankin

PARIS, Wednesday, May 14.—The resolution of the Women's International conference for permanent peace at Zurich criticizing the terms of the treaty presented Germany was proposed by Mrs. Philip Snowden of England, and was seconded by Miss Jeannette Rankin, formerly member of the United States congress from Montana. It was approved unanimously by the women's conference at which 15 countries are represented. America had 25 delegates and Great Britain 23.

The resolution which has been sent to the peace conference follows: "This international congress of women expresses deep regret that the terms of peace proposed at Versailles should so seriously violate the principles upon which alone a just and lasting peace can be secured, and which the democrats of the world had come to expect. By guaranteeing the fruits of secret treaties to the conquerors, the terms of peace have tacitly sanctioned secret diplomacy, denied the principle of self-determination, recognized the rights of the victors to the spoils and created all over Europe discord and animosities which can only lead to future wars."

"By demanding disarmament from one set of belligerents only the principle of justice is violated and the rule of force is continued. By the financial and economic proposals 100,000,000 people of this generation in the heart of Europe are condemned to poverty, disease and despair, which must result in the spread of hatred and anarchy within each nation."

PATROLMAN DOOLEY
SOME SHARPSHOOTER

While riding in a sidecar of a motorcycle and going at the rate of about 15 or 20 miles an hour, Patrolman Dooley, whose beat is in the vicinity of Middlesex street, fired three shots at a bull dog yesterday afternoon and all three bullets took effect. The dog was fired at after it was learned that it had badly bitten a little girl, and because it was feared that it was suffering from rabies.

Shortly before 5 o'clock yesterday afternoon, Elsie Langill, aged about 12 years, and daughter of Mr. and Mrs. Charles B. Langill of 973 Middlesex street, while walking on the sidewalk near her home, was attacked by the dog in question. The dog jumped at the little girl's head and bit her on the forehead. The child screamed and the dog ran away, snapping at people and dogs. In the meantime a young man who was riding a motorcycle in the vicinity, rushed to the corner of School and Middlesex streets and told Patrolman Dooley what had happened.

Officer Dooley jumped into the sidecar of the motorcycle and was hurried through Middlesex street. While the machine was being operated at a rate of between 15 and 20 miles an hour, the dog made its appearance in the road and was pointed out to the officer by the operator of the cycle. Patrolman Dooley pulled out his revolver and fired three shots. The dog dropped, but in an instant was on its feet again and attacked a man. The latter used his feet to good advantage and a few minutes later the dog rolled over and died.

The little Langill girl who was bitten was taken to a nearby drug store for first aid and later she was attended by the family physician. The body of the dog was sent to the police station stable, and its head will be turned over to Dr. Sherman, to determine whether or not the animal was suffering from rabies. Officer Dooley was warmly congratulated for his quick and excellent marksmanship.

Makes Life Worth Living

You cannot be constipated and happy at the same time. If almost everything you eat distresses you, and brings on a headache, gas on the stomach, heartburn, etc., you can easily eliminate these conditions by taking SEVEN BARKS, the favorite root and herb remedy for stomach disorders.

SEVEN BARKS will expel the distressing acids, and dangerous poisons, and help you back to good digestion and active health, making life worth living again.

Do you sleep well? or are you troubled with almost sleepless nights? While there are many causes for sleeplessness, it generally happens that deranged stomach, liver or intestines are the real cause of the trouble. If your appetite is not good, or food distresses you, or the bowels do not move daily, you can get quick relief from these disagreeable conditions by simply taking 10 to 20 drops of SEVEN BARKS in a little water after meals; this is nature's remedy, made from the extracts of root and herbs, has stood the test for nearly 50 years, and will certainly give you a feeling of new life.

If you would have the glow of health, and banish the blues, don't neglect to ask your druggist for SEVEN BARKS. Costs but 50 cents.—Adv.

LOWELL OFFICIALS
GO TO NEW BEDFORD

Several members of the municipal council and other city officials went to New Bedford this afternoon to inspect fire apparatus in that city. Commissioner Charles J. Morse of the local fire department plans to install additional motorized apparatus here and intends to ask for a loan for the purpose. The inspection party which went to New Bedford by automobile included Commissioners Morse, Murphy and Marchand, Chief Edward F. Saunders and Purchasing Agent Edward H. Foye. They were to be met in New Bedford by Chief Dahill of the fire department of that city.

Clothes Play an Important Part in a Man's Life

We have an excellent opportunity, in this business, to see the effect of clothes upon a man's relations with his fellow beings.

We see a youngster who seems to give no thought to his personal appearance suddenly become extremely careful and fastidious. And soon he presents himself for a suit of blue or black clothes to wear at his own wedding.

Then there is the quiet young business man, who finds that it is only necessary to dress like his more influential friends to be one of them in the city's activities. He invests in better clothes—mixes around more—becomes more ambitious—and all at once he is one of the leading business men of the town, whom clothes helped to success.

And since our business is that of clothiers we have an excellent opportunity to know just what kind of clothes are best for you to wear—and, consequently, the best for us to sell. So we feature

A. SHUMAN & CO. CLOTHES

after making a careful and thorough study of all the finest clothes-making establishments in the United States.

Shuman Clothes are all that highly skilled tailors, working under ideal conditions, in the most painstaking way, can produce.

We have seen how each suit is cut individually, by hand. We have seen the immense amount of hand stitching that goes into the hidden part of a coat. We have followed a suit through every process of the making—and we say unhesitatingly that we would rather have the Merrimack label woven with the A. Shuman & Co.'s label than with any other name in the country.

CARMEN OUT ON STRIKE

Pittsburgh's Street Railway System Tied Up by Walk-out of 3000

PITTSBURGH, May 14.—Pittsburgh's street railway system was tied up at midnight by a strike of motormen and conductors who walked out when they failed to reach an agreement with receivers of the Pittsburgh Railway Co., on the question of submitting a wage dispute to the war labor board. Approximately 2000 motormen, conductors and other workers are affected by the strike.

The men demanded a 12-cent an hour increase in pay.

72 RUSSIAN PRISONERS SHOT IN GRAVEL PIT

FACTS CONCERNING THE STATE GUARD

Although the Massachusetts State guard will be cut down to about one-half its present strength under an order of Gov. Coolidge, which prescribes for the reorganization of the state troops immediately, the 16th regiment, to which the three local companies, K, G and C are a part, will remain intact, according to a statement issued by the commander of the Lowell battalion.

The reorganization plans issued by the governor consist of the forming of the state guardmen into two brigades of three regiments of infantry each. It also provides for the formation of a motor corps and a troop of cavalry. Just what form the cutting-down process will take throughout the state regiments is not known as yet, beyond the fact that the 16th regiment is not hit by the order. It is probable

that many companies will be practically, if not entirely disbanded.

The resignation of Col. Louis Cox, as commander of the 16th regiment has been accepted, and Col. Charles Pratt has been assigned to the command of the regiment.

WORKS OF ART FOR STUDY PURPOSES

A meeting which may eventually lead to the introduction of leading works of art for study purposes in the public schools of Lowell was held yesterday afternoon in Memorial hall for the school teachers and principals of the city, several hundred of whom were present.

The meeting itself was a brief one the form of carbon photographs and

and soon resolved into an exhibition of some 200 paintings furnished by the Elston Art Publication Co., Inc., of Belmont. In the public library on the floor below.

The meeting was called shortly after 3.30 by Supt. Hugh J. Molloy who explained that he wished to place before the teachers a proposition of the Elston Co., to furnish the school department copies of art studies, arranged suitably for various grades. A representative of the company, Miss M. E. Lippincott, was present and she explained the plan of her company.

This exhibition of paintings now in the library, she said, would remain there until Saturday. The exhibit consists of the finest reproductions in

photogravures—the two methods best suited to producing pictures retaining all the modeling and delicate values which are to be found in the originals. The pictures are fadeless and are supposed to last a lifetime. Each picture is in a cloth mat, giving a harmonious effect to the whole. The exhibit contains many copper plate color paintings which are painted in a permanent oil pigment as durable as a painting in oil color. The subjects include the leading works of the master painters and the name of the painter as well as that of the author are printed below.

This exhibition, Miss Lippincott said, will be loaned to any school which wishes to use it for four days, free of charge. It is then understood that the school will hold a public exhibition to which admission will be charged and the proceeds go toward buying pictures for permanent showing in the school.

The picture studies are folders which include one reproduction of a well known work of art, a sketch of its author, the significance of the picture and poetry and study questions for children. These are furnished at nominal charges to schools.

Supt. Molloy felt that the teachers should visit the exhibition and then if they felt they would like to take up the matter further, to bring it before the school department. He was personally in favor of the project providing the teachers made the subject incidental to their school work.

The teachers expressed much interest in the exhibition arranged in the library under the direction of Librarian Frederick A. Chase. An invitation is extended to teachers living in the surrounding towns to visit the exhibition before it is taken away Saturday, as well as to others who are interested.

Prior to the discussion of paintings at the meeting, Supt. Molloy read an announcement of a summer school course in subjects of interest to teachers at the Massachusetts Agricultural college, beginning June 30 and continuing four weeks.

MORE MEN FOR NAVY

Four men were forwarded to Boston today by Chief Cary of the Lowell recruiting station. They were Francis W. Sweeney, 516 Lawrence street, fireman (third class); Joseph A. Brodeur, 91 Kinsman street, apprentice seaman; Paul O'Connell, 85 Jackson street, Lawrence, apprentice seaman, and Charles F. Kehoe, 423 Park street, Lawrence, apprentice seaman.

AMUSEMENT NOTES

Below is what the press agents of the different theatres say of the current attractions and of others to come.

THE STRAND

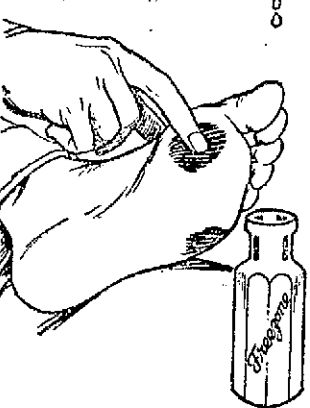

Pauline Frederick's latest Goldwyn picture is "One Week of Life," which will be shown for the first time locally on The Strand screen tomorrow. Not only is the star provided with a special did story, which gives her opportunity to dominate the powerful scene after another, but she is enabled to appear in a succession of costumes more gorgeous than she has ever worn on the screen before. As if that were not enough for the public the scenario is cleverly arranged to present her in two distinct roles. By itself each would be a brilliant one; together they afford Miss Frederick a sweeping scope for her emotions. Yet the interest of the play does not depend on any trick of double exposure. Each of the lives apart. They do not meet. Written by Cosmo Hamilton, famous playwright and dramatist, arranged for the screen by Hobart Henley, and with a cast including the leading man who aided Miss Frederick to achieve fame in "The Eternal City," Thomas Holding, together with Sydney Ainsworth and Corinne Barker, Goldwyn offers "One Week of Life" with pride.

The mysterious wars of crooks and criminals are revealed in the new William Fox photoplay, "Pittalis of a Big City," which will also be shown for the first time today. The picture affords intimate glimpses into the lives of the denizens of the underworld, and the story concerns the great struggle of a woman to keep her resolve to live straight. It's a gripping drama and tells many things about the underworld never before disclosed.

How many a famous actress protects her skin

MANY of our most beautiful actresses have found what health experts everywhere are emphasizing today—the value of prevention . . . Keep well, these experts urge, protect your health, prevent sickness.

Especially is this true of the skin. It is full of wide-open "mouths"—tiny openings of fat and sweat glands. Every minute of the day, they pick up particles of dust, dirt, impurities from the air.

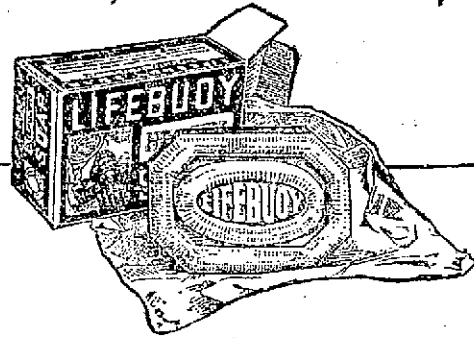

To keep your skin clear, radiant, gloriously healthy, these impurities must be properly cleansed from the pores. When you wash with Lifebuoy, its big creamy lather is carried right into the "mouths" of your skin, its wonderful antiseptic purifies them—leaves the skin antiseptically clean, and keeps it radiant with health.

The "health" odor in Lifebuoy is found in no other soap. It is not a perfume—not the odor of a medicine, but a pure hygienic odor that tells you instantly why Lifebuoy purifies and protects—why it improves your skin.

Get Lifebuoy at any grocery, drug or department store. Use it for your hands, face and bath—see how it keeps your skin in perfect health. Lever Bros. Co., Cambridge, Mass.

LOWELL OPERA HOUSE

This afternoon, after the matinee performance, a reception to Miss Jane Salisbury, leading woman of the Emerson All Star Players, will be held and the public generally will be held invited to attend. Come and meet this charming young woman. She'll enjoy the meeting quite as much—if not more than you.

"Another Star's Shoes," the novelty comedy drama that is marking the farewell taking of the Players is a decidedly entertaining bit of stage entertainment and the company is reflecting its cleverness to a

marked degree. Saturday night the "good bye" performance will be given. The "lid comes off" for that night, so be sure and attend.

The management announces the coming of "Mickey," the great photoplay and the road attraction, "The Unmarried Mother," at some future date.

B. F. KEITH'S THEATRE

Laugh with all of your friends at the antics of Billie Reeves at the B. F. Keith theatre this week. Billie is original, no doubting it, and when he does his famous hilarious stunt in "The Right Key, But the Wrong Flat," you can't keep from shrieking. It is a fine-ly studied piece of work.

Joe Towle, the man who tells you

about exemption boards and army life, is as original a monologist as one will often see. He has struck something which thousands of young men know about, and which all of us have heard of. Nobody else has taken up the line, or if he has, nobody has extracted quite the fun from it that Towle does. Jane Courthorne & Co. in "Our Family" are unusually competent. The sketch has the punch to it, and it is a faithful study of life. Hank Brown, a funny talker and singer; Work & Kelt, acrobatic comedians; Top & Bottom, balanceers and Leonard & Willard, in a musical comedy complete this good bill.

Do You Pay 66¢ for Sirloin Steak? — or 33 Cents?

We serve all tastes

A recent Government bulletin quoted sirloin steak in different cities at prices ranging from 33 to 66 cents!

We buy live cattle, according to quality, all the way from \$7.00 to \$20.00 per hundred-weight, live weight. Sirloins from these cattle vary greatly in quality.

Some retailers sell 33 cent sirloins. These steaks come from cheaper cattle.

Customers of other retailers demand choice sirloins at 66 cents. These retailers buy meat from higher-priced cattle.

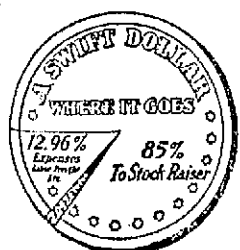

Also, the retailer who carries complete stocks, delivers to your door, and lets you run a charge account, has to get higher prices than the retailer who runs a "cash and carry" store.

We sell beef of a given quality at practically the same price all over the country—except for slight differences due to freight rates.

And our profit hardly affects the price at all—only a fraction of a cent per pound.

THE OPENING OF THE STRAW HAT SEASON

Although today was the official date for the blossoming of straw hats, the combination of the clothing and haberdashery stores being closed Thursday afternoon and a hardy wind from the east that brought with it lowering temperatures, was sufficient to keep the outpouring of summer headgear at a minimum and much less than it would be had the weather man felt as warm under the collar as he did yesterday.

In fact, if the hat dealers had been gifted with clairvoyance they undoubtedly would have made May 14 the official opening day for the straws and in all probability would have reaped a substantial harvest. But being human beings like the rest of us, the hat makers took their chances and lost out. But what they failed to get today they'll get at a later date for Mr. Man must have his straw bonnet when it's really warm.

Despite the cool weather a few straws were noticeable down town today. Quite a number of men had anticipated the season and invested yesterday. As long as they had their new hats ready, they were not to be daunted by a mere weather man and sallied forth in their glory. In fact, one business man was arrayed in a light summer suit to complete the harmonious effect of his glistening straw hat.

Local dealers say that the prices of the straw hats are about the same this year as last year with a little better quality forthcoming. On the other hand, Boston says that the cheaper grade hats will cost more this year, although the higher grades will remain the same. Locally the prices run from \$2 to \$5. The hats that are being sold now were manufactured during war times and are wholly without frills although now and then one runs across the "college boy" type of band. It is generally believed that when the present supply is exhausted the prices will be boosted on those that come in later.

A Wonderful Medicine for Women.

THOUSANDS of women owe their beauty of face and form—their strength and vitality—their freedom from lifelong ill-health—to RED PILLS for Pale and Weak Women.

THOUSANDS of others are winning back their health and strength by taking RED PILLS.

WHY? Because RED PILLS are an infallible remedy for Anaemia and Poor Blood.

ANAEMIA is responsible for most of the Headaches, Backaches, Paleness, Thinness, Weakness, Nervousness, Indigestion and Sleeplessness with which so many women suffer.

RED PILLS conquer Anaemia; and give you the pure rich blood needed to nourish mind and body.

MRS. NAPOLEON LARIVÉE, 568 East Street, Holyoke, Mass., has been suffering for quite a few years from the change of life, and was indeed a very miserable woman before she started to take RED PILLS for Pale and Weak Women. Her life was becoming unendurable, for she was constantly troubled with poor digestion, palpitation of the heart, headaches and backaches, besides being in an excessive state of general weakness. She took RED PILLS; she was persevering, and took them faithfully for over a year, and was rewarded by recovering her good health and being relieved of the different symptoms which are usually the lot of women who do not take proper care of themselves while going through the change of life, which is such a difficult period in the life of a woman.

CAUTION—The formula of RED PILLS for Pale and Weak Women was first discovered in Paris, in the year of 1870, by a famous French doctor, and they have been widely used ever since.

To avoid imitations or substitutions, insist on the signature "Cie. Chimique Franco-Americaine". In boxes only, 50 cents, or six boxes for \$2.50.

SEARS FOUND GUILTY

Manufacturer Convicted of
Fraud and Bribery on
Army Shoe Contracts

BOSTON, May 15.—Frank I. Sears, vice president and general manager of the A. J. Bates Co., shoe manufacturer of Webster, was found guilty in the federal district court yesterday of bribery, conspiracy to bribe and con-

spiracy to defraud the government in connection with a contract on army shoes. Sentence was deferred pending an appeal.

Lewis Goldberg, assistant United States attorney, said that the penalty on each of the indictments was two years imprisonment or a \$10,000 fine, or both.

The government charged that inferior leather was used by the Bates Co. in manufacturing 140,000 pairs of army shoes, and that Sears authorized the payment of bribes to two government inspectors.

Thomas Sherwood, former foreman of the sole leather room at the Bates

factory, was indicted with Sears on the conspiracy charges, and pleaded guilty. He testified against Sears. The defense was allowed 60 days in which to file a bill of exceptions.

12,000 on Leviathan

Liner Imperator, Turned

Over to U. S. by Huns,
Coming Under U. S. Flag

BREST, May 15.—The liner Imperator which was turned over to the United States by Germany under the armistice agreement, sailed at 10 o'clock this morning for New York. On board were 1100 first class passengers, 2200 second class, including the 254th Infantry, the Seventh Infantry Brigade headquarters, evacuation ambulance company No. 11, and 710 women, nurses, Y.M.C.A. workers and soldiers' wives. This is the first overseas journey for the Imperator under the American flag.

The Leviathan will sail at 6 o'clock this evening with 12,000 troops. Among the passengers are Henry P. Davidson, chairman of the Red Cross war council, and Representatives Julius Kahn of California and Richard Olney of Massachusetts.

The transports Agamemnon and America will sail at 5 o'clock. All told 30,000 troops are leaving

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Brest today on the four steamers mentioned.

Lieut. Gen. Robert L. Bullard and Senator William J. Harris of Georgia sailed on the steamer Kaiserin Augusta Victoria last evening.

TO ERECT MEMORIAL TO CHAPLAIN DANKER

WORCESTER, May 15.—The Western Massachusetts Episcopal convention today in All Saints' church voted to erect in Holy Trinity church in Paris, a memorial tablet to Chaplain Walton S. CARTER & SHERBURNE'S DRUG STORE IN THE STREET CAR WAITING ROOM—GOLDINE HEADQUARTERS

Don't make the mistake of going somewhere else for Goldine. Remember some other remedy for this great herb treatment. Hundreds in Lowell have found their way to this store to Goldine and health. They are sending through the press what quick relief they found in Goldine. When fifty people in Lowell say Goldine No. 1 is the best stomach, heart and nerve remedy, and Goldine No. 2 the best rheumatism and kidney remedy they have ever found, I believe them, don't you?

HERE IS ANOTHER PROOF:
Mr. C. B. Bemis, R.F.D. 2, Lowell, Mass., who is one of the best men in this section and well known here.

"I had been sick with an attack of rheumatism in my knee for over a month. I could hardly walk. My head ached. I was dizzy and short of breath. My right knee was swollen and sore. I feared I would become a cripple and was anxious to get something that would help me right away. There was a lot of rheumatism medicine advertised, but everyone I talked with told me to take Goldine. I did, and it helped me before the first bottle was gone. I was a lot better; my headaches had stopped. I felt no more dizziness or shortness of breath, but best of all it got hold of my rheumatism and I could almost feel the lameness go. Now I walk much better and the soreness has nearly all left the joint. I want more of it for it's the best

medicine I ever got hold of and you can tell the people so, for I have taken it and know."

"C. B. BEMIS."
The insertion in the picture above is the Goldine man at Carter & Sherburne's Drug Store in the Street Car Waiting Room. Come and talk to me. I do not dispense or prescribe, but will gladly tell you if Goldine is what you need. If it isn't I will tell you so frankly, and will not ask you to buy. But if you need it, you can't duplicate its results anywhere. Let us talk it over together.

RUSHING FOOD INTO EUROPE

NEW YORK, May 15.—America's great food relief program for the devastated countries of Europe will be practically completed within another six weeks, according to a statement issued yesterday by the Grain corporation, with which the American relief administration was recently incorporated.

The statement says that the corporation hopes that its final shipments will start across the Atlantic by the middle or latter part of June and that no two or cereal flours will be bought later than June 10. There will be no further purchases of condensed or evaporated milk, oils and fats and no pork products have been bought since March 1.

At the four ports of Boston, New

York, Philadelphia and Baltimore alone 44 ships were loading food cargoes yesterday, including several German ships. These shipments, with those which will follow in the next six weeks, are expected to the corporation to be sufficient to care the famine-stricken populations of Central Europe until the next harvest.

Belgium has been able to dispose with American relief since May 1, and the other needy European countries are expected to be able to do the same after the harvest.

Mays Outpitched by Cicotte in First Game on the Western Trip

Rudolph Gets Perfect Support and Timely Hitting Beats Cardinals, 4 to 2

CHICAGO, May 15.—Joe Jackson's double coupled with Barry's fumble in the sixth yesterday gave Chicago the first game in the series with Boston, 1 to 0. It was a pitchers' battle between Cicotte and Mays. Cicotte stayed off defeat in the first half of the sixth inning when a hit and two errors out runners on second and third with none out. He dismissed Mays, Hooper and Barry on short flies. Cicotte fanned Ruth twice in four times up. The score:

CHICAGO.....0 0 0 0 1 0 0—1 5 2
Batteries: Cicotte and Schalk; Mays and Schanz.

NEW YORK 1, DETROIT 0
DETROIT, May 15.—In a pitcher's battle New York yesterday gave Thormahlen support in the field that was at times out of the ordinary and won the first game of the series from Detroit, 1 to 0. In the fifth inning Bush fumbled Lewis's grounder. Lewis reacted third on Bush's single and scored on Tuzo's out. Sensational catches by Bodie in the eighth and ninth prevented Detroit scoring. The score:

NEW YORK.....0 0 0 0 1 0 0—1 4 1
DETROIT.....0 0 0 0 0 0 0—0 5 1
Batteries: Thormahlen and Ruel; Elmke, Kallio and Ainsmith.

ST. LOUIS 11, PHILADELPHIA 0
ST. LOUIS, Mo., May 15.—Wellman pitched shut-out ball and St. Louis batted out an 11 to 0 victory over Philadelphia in the opening game of the series yesterday. The score:

ST. LOUIS.....0 0 1 1 3 5 1 0—11 11 0
PHILADELPHIA.....0 0 0 0 0 0 0 0—0 7 2
Batteries: Wellman and Billings; Mayer, Perry, Grevel, Watson and Perkins.

CLEVELAND 1, WASHINGTON 2
CLEVELAND, O., May 15.—Cleveland defeated Washington easily yesterday, 1 to 2, knocking Avers from the box in the first inning and also hitting Craft hard. Chapman made Cleveland's first home run of the year, a drive inside the park to the left field bleachers. Baxby was invincible except in the sixth. The score:

CLEVELAND.....5 1 1 0 0 2 2—11 13 1
WASHINGTON.....0 0 0 0 2 0 0 0—2 6 3
Batteries: Bagby and Nunamaker; Craft, Avers and Gharrity.

DIAMOND NOTES

The Braves improved their standing with the home folks yesterday when they got together and played errorless ball behind Rudolph. It was the first win of the year in Boston and sort of broke a well formed cake of ice.

When Cicotte outpitched Carl Mays yesterday it pushed the Red Sox down into fourth place, far at the same time New York and Cleveland were winning their games.

The Eastern league, embracing Providence, Waterbury, Hartford, Springfield, Bridgeport and New Haven, got under way yesterday for 1919. Providence, Worcester, Springfield and Bridgeport left the barrier first in the season's race.

Several faces familiar to old N.E.L. patrons are to be found in the lineups along the Eastern league circuit. Shorty Dea and George Tyler's young brother are with Worcester. Fortune pitched for Pittsfield, and Mulrennan won his game for the Providence Grays. Chief Meyers caught part of the game for New Haven until he was ejected after a fist fight.

Manchester, N. H., and Haverhill high schools, both of whom have been on Lowell high's schedule this year, closed yesterday. The New Hampshire school winning easily, 13 to 2. Our old friends from Nashua were wallowed again yesterday, 14 to 5, this time by St. Joseph of Manchester. Billings has a tough lot of ball tossers to work with this year.

Lowell high and Lawrence high never meet in any branch of sport which does not produce a real battle, and the same held true yesterday. It was a great old rally for Donahue boys pulled at Riverside park and it took the heart right out of the downriver lads. Nothing is more satisfying to the winning club than a ninth inning comeback with a background of solid hits.

Mike Hayden, catcher-manager of the Lowell N.E.L. club, came to town yesterday bringing three or four recruits along with him. The quartet took an easy workout at Spalding park in the bright sunlight.

It became known yesterday that Larry McLean, former big league catcher, has taken over the manager's place of the Fitchburg team. Guess Billie Page must be slated for Haverhill.

Will Dick Conway step in and twirl a few innings for Lowell this year just as a reminder of the days gone by? He might, at that, in a game which Lowell has sewed up, 11 to 0, or like.

MITCHELL SCHOOL WINS

The Mitchell Boys' school baseball team won from Wilmington high yesterday at Wilmington, 10 to 4. Cragin, pitching for Mitchell, had 17 strikeouts, which assisted materially in keeping down the score of the opponents. The Billerica nine practically won the game in the second inning when five runs were chased over the plate. The score:

Mitchell.....0 5 0 0 0 0 2 7—34
Wilmington.....0 3 0 1 0 0 0 0—10 23

SHUBERT AND LOUISIANA

Winner of Tonight's Bout at C.A.A. Will Be Matched With Valger—Other Bouts

With a chance to meet Benny Valger, the French flash, who defeated Frankie Britt at Boston on Tuesday night, as an incentive for the winner of tonight's bout between Al Shubert and Louisiana at the Crescent A.A., fans are bound to see a thrilling tale. The "Flash" is now looked upon as a coming champion, and an opportunity to mingle with him will prove a great boost for either Louisiana or Shubert. Louisiana has newspaper decisions over both Shubert and Valger, but both men aver that it will be a different story in a 12-round bout. The southern sensation, however, avers that he will repeat his success against either performer and is out to stop Shubert tonight and then sign up to meet Valger. Tonight's bout looks like one of the best of the season. In the semi-final Phil Christie, who appeared against Freddie Madden in the semi-final to the Britt-Valger bout, will meet Young Drew of Lawrence. There will also be two bang-up preliminaries.

All-Star Show
Matchmaker Jimmy Mahan announces that all men signed to appear at the All-Star show to be staged by the Triangle A.C. at the Playhouse tomorrow night have posted forfeits, guaranteeing their appearance, and that all men have notified him they are in the pink of condition. Eddie Barrell of Quincy and Buddy Dolan of Lawrence, who met in a whirlwind number here several weeks ago, will appear in one of the 10-round numbers tomorrow night. In their former bout here Dolan was awarded a decision, but Barrell claims that he should have received a draw and he is determined to even up the score. Frankie Welch of Lowell and Teddy Murphy of Boston, two of the best bantams in these parts, will meet in a 10-round event. Both are claimants for the N.E.B. Tommy Doyle of Lowell, who staged a successful "come back" two weeks ago, and Kid Lee of Chelsea will be the performers in the 10-round event. Battling Tony and Joe Clark, two local boys, will clash in the opening number, a six-round preliminary.

A GREAT OLD FINISH

Lowell High Comes From Behind and Bats Out Victory Over Lawrence

The fruits of victory are never so sweet as when plucked from the Lawrence orchard, and the Lowell reapers stripped the trees here yesterday afternoon when the local high school baseball team defeated their arch-rivals at Riverside Park, Lawrence, 3 to 4. It was a typical Lowell-Lawrence game, a see-saw, hectic, uncertain battle in which the distinguished boys of victory flattered up on the Lowell standard at the close, seemingly perfectly contented there to remain.

Lowell's case about through a slam-bang, go-get-'em, knock-'em-down and drag-'em-out finish, a last ditch rally which produced five runs and left the Lawrence boys groggy and weak around the knees caps. Coming into the last frame one run to the bad, Coach Donahue sent his men in to win and before the inning was half over their bats had sent Pitcher Archibald reeling to the showers, the echoes of rifle-shot hits still ringing in his ears. The Lawrence team, about 600 of them, were all hot up, and right so, for early in the game their team had forged to the front and looked perfectly safe, winners if not cruel and unkind, but infinitely satisfying to the Lowell followers and team members.

The fireworks in the ninth were touched off substantially as follows: Mahoney, first up, was thrown out at first by Mohr, and the grandstand began to empty. But the old gray mule had a couple of kicks left. Condon stuck a single into left and Anastos was sent down to the bag to run for him. Ordway shot a single through the infield, Anastos pulling up at second. Cahill, with one hit already to his credit, pulled a hard drive down the left field line, driving in Anastos and Ordway and putting Lowell in the lead, 5 to 4. Reynolds fell on the first ball Archibald put over like a ton of cement and drove a long double to left, Cahill scoring. O'Hare duplicated his captain's hit with a driving hit to center, Ray scoring, and O'Hare himself coming across a second later when the throw into the diamond broke away from the Lawrence third baseman and rolled to the stand. Five hits, five runs, Ordway pitched his head off in the last half and held Lawrence safe. "Archie" was driven from the box on O'Hare's double and Daly pitched to the next two batters, getting both of them.

Lowell started off auspiciously in the first inning, and scored two runs. The first was a gift, pure and simple. Cahill walked and stole and scored when the Lawrence pitcher threw to catch him off second, the ball rolling deep ahead. Reynolds then signalled, was sacrificed to second by O'Hare and rode home on the first of Brosnan's three hits.

Lawrence tied the count and went ahead in the third by scoring three times on three hits and error by Gion. In center field, however, the ball was started in this inning when W. Brad ley, Lawrence's right fielder, went into second with both feet in the air, barely missing the ball which he held the ball waiting for him. It looked like a deliberate attempt to spike the shortstop and was vigorously protested by the Lowell coach and players. The umpire let it pass, however. Don't pull that one again in Lowell on June 1, Mr. Bradley, or we will be forced to send you to court.

Lawrence got another run in the fifth when Mohr and Kennedy pulled a double steal, the former scoring. Ordway was working slowly and couldn't recover in time to catch the fast traveling Mohr. His pitch was a little wild, however, or else Reynolds must have been regging the runner, for he had the plate blocked like the wall of China. The story of the ninth has already been chronicled. MANSLAUGHTER CASE IS CONTINUED

The case of Herbert Harris, 18, charged with manslaughter in causing the death of Daniel Emery, 68, was called in police court this morning. As the inquest finding has not yet been made public, a continuance was granted until June 5, and a technical plea of not guilty entered. Bail was set at \$2000.

It is alleged that Emery was struck by an automobile driven by Harris on Middlesex street early Monday evening, and that his death at St. John's hospital yesterday afternoon came as a result of the injuries he received. The machine is owned by Ira Harris of

1010 Middlesex street, the father of the younger Harris. Police court today bore a striking resemblance to what may be expected after July 1, in that no members of the anti-temperance delegation answered the roll call when Judge Pickman took the bench. Three offenders charged with drunkenness were brought in during the evening, but having been found to be all first-timers were released by the professor of probation before the morning session convened.

PRIVY COUNCIL MEETS

law. The reply of the allied and associated governments is as follows: "They take note of the declaration made by the German delegates that domestic peace and the advancement of mankind depend upon the adjustment of the labor question and they are convinced that such adjustment will be rendered easier, in the future than in the past, as men's minds are freed from the fear of war and industry is relieved of the burden of armaments which German militarism had imposed upon it.

"Part XIII. of the draft of the conditions of peace provides a means by which such adjustments can be made and section II. of this part of the draft lays down the principles which will progressively guide the labor organization and the League of Nations. Article 427 indicates clearly that the enumeration of the principles set forth is not exhaustive. The purpose of the labor organization is that it should promote the constant development of the international labor regime.

"The labor convention has been inserted in the treaty of peace and Germany will, therefore, be called upon to sign it. In the future the rights of your country to participate in the labor organization will be secured so soon as she is admitted into the League of Nations in accordance with Article I. of the treaty.

"It has not been thought necessary to summon a labor conference at Versailles. The conclusions of a syndical conference at Bern, which are reproduced in the draft of the international agreement on labor law referred to in the first paragraph of your letter of the tenth instant, had already been studied with the closest attention. Representatives of the trade unions had taken part in the preparation of the articles relating to labor. As appears, moreover, from the annex to section II. of part XIII., page 208, the program of the first session of the international labor conference to be held at Washington next October comprises the most important of the questions raised at the syndical conference at Bern. Trade unions will be invited to take part in that conference and it will be held under direct rules, which provide for due effect being given to conclusions subject only to the assent of the competent authorities in the countries represented.

"The draft of the international agreement on labor law prepared by the German government is deficient in that it makes no provision for the representation of labor at the interna-

Maine Woman Finds That Rich Blood Strengthens Nerves and Improves Digestion

There are thousands of people who daily endure minor ills because they don't feel strong enough to consult a physician. They are not sick enough to give up their work and go to bed, but, as they themselves describe it, they're not well. A majority are suffering from the results of weak blood, headache, indigestion of the heart, lack of ambition and exhaustion after little effort.

This was the experience of Mrs. Elizabeth G. Conley, of No. 95 Summer street, Lewiston, Maine, and she didn't gain relief until she tried Dr. Williams' Pink Pills. She says:

"My strength seemed to have been drained from my body by overwork. My blood was so thin that I was always run down, without strength or ambition. My color was poor and I felt very nervous. I couldn't sleep well and didn't have any appetite. Several of my friends had used Dr. Williams' Pink Pills with benefit and they spoke so highly of them that I got a box. After the second package I improved so much that I was convinced that it was the remedy that I needed and I continued the treatment until my strength was built up. My color improved and I had new ambition for my work. I'm no longer nervous and sleep soundly. I can strongly recommend Dr. Williams' Pink Pills as a tonic."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box or \$2.50 for six boxes. Send today for the free booklet, "Building Up the Blood."

Adv.—A national conference which is proposed, it is also inferior to the provisions submitted in part XIII of the peace conditions in the following respects:

"(a) Five years are suggested as a maximum interval between conferences (Article VIII). The peace conditions—one year (Article 280).

"(b) Each country has one vote (Article VIII). The peace conditions give a vote to each delegate, whether representing a government, employers or workers (Article 290).

"(c) Resolutions are only binding if carried by a majority of four-fifths of the voting countries (Article VIII). The peace conditions provide that a majority of two-thirds only of the votes cast shall be necessary on the final vote for the adoption of a recommendation or the draft of a convention by the conference (Article 405).

"The allied and associated governments are, therefore, of the opinion that their decisions give satisfaction to the anxiety which the German delegates profess for social justice and insure the realization of reforms which the working classes have more than over a right to expect after the cruel trial to which the world has been subjected during the past five years.

"Accept, sir, etc."

"The German Peace Delegation to His Excellency, the President of the Peace Conference.

Versailles, May 14, 1919.

"Sir, With reference to Articles 55 and 56 of the proposals for the establishment of a League of Nations submitted to us, we beg herewith to transmit the draft of an international agreement on labor law, prepared by the German government.

"The German government is of one mind with the allied and associated governments in holding that the greatest attention must be given to labor questions. Domestic peace and the advancement of mankind depend vitally on the adjustment of this question. The demands for social justice repeatedly raised in this respect by the working classes of all nations are only partly realized in principle in section XIII of the draft of peace conditions of the allied and associated governments on the organization of labor. The sublime demands have, for the most part, been realized in Germany with the assistance of the working classes as is generally acknowledged, in an exemplary manner. In order to carry these into execution everywhere in the interests of mankind, the acceptance of the program of the German delegation is at least necessary. We deem it requisite that all states should join in the agreement, even though not belonging to the League of Nations.

"In order to guarantee to the working classes, for whom the proposed improvements are intended, cooperation in the framing of these provisions, the German delegation is of the opinion that representatives of the national trade union organizations of all the contracting powers should be summoned to a conference at Versailles to discuss and take decision on international labor law before peace negotiations are terminated. The proceedings of this conference should, in the opinion of the German delegation, be based on the resolutions of the international trade union conference in Bern, Feb. 5 to 9, 1919, and the program for international labor legislation addressed to the peace conference in Paris, which emanated from the decisions of the international trade union conference in Leeds in 1916. At the request of the trade unions of Germany, we beg to enclose a copy of these resolutions, which have been adopted by the representatives of the trade union organizations of Bohemia, Bulgaria, Denmark, Germany, France, Greece, Holland, Italy, Canada, Norway, Austria, Sweden, Switzerland, Spain and Hungary.

"Accept, sir, the assurance of my highest esteem."

MILLIONS ARE FACING DEATH

BERLIN, May 15. (By the Associated Press)—One of the three notes handed yesterday by Count von Brockdorff-Rantzau, head of the German peace mission to M. Clemenceau, president of the peace conference, says that the economic terms of the peace treaty mean that many millions of people in Germany will perish "all the more quickly as the nation's health is already broken by the blockade."

The note points out that Germany in two generations has passed from an agrarian to an industrial state. As an agrarian state it could feed forty million persons, and as an industrial country it was able to provide food for 67,000,000, the note declares. Before the war it is said 15,000,000 Germans were dependent for their living upon foreign trade, shipping and foreign raw materials. The note proceeds to indicate in detail, how the peace conditions would produce economic paralysis, destroy German industry and make it impossible to provide work and food for millions of people who would be obliged to emigrate or perish.

No relief work, however, large its scale or however long in duration, could prevent wholesale loss of life, the note says.

"The peace terms," the note continues, "would demand of Germany several times as many victims as did the war. There have been nearly a million victims of the blockade."

The count concludes by stating that he considers it his duty, before presenting further details to bring these general remarks to the knowledge of the allied and associated delegates, and he promises to furnish statistical evidence, if it is required.

YANKS RAIDED WINE CAR

931 Officers and Men of Third U.S. Army Ordered To Reimburse French Co.

CORBIN, May 14.—(Correspondence of the Associated Press)—Nine hundred and thirty-one officers and enlisted men of the Third United States Army have been assessed approximately \$27,000 for the loss of 2173 bottles of champagne which disappeared from a train near Paris, December 1, 1918. The bottles were in the possession of an army band, which had the case in hand for several months, were announced recently.

The officers and men, all from the army of occupation, were on their way to an army school at Chartres-sur-Seine and according to testimony before the board the champagne disappeared one night soon after the Americans arrived in Paris. While a number of French soldiers were also involved, testimony at the hearing did not bring out just who discovered the freight car loaded with wine, nor who were the first individuals to start handling out the bottles.

The contention of the railway officials was that the wine had been drunk by the soldiers, and that the Americans had had a hand in the affair and so the board decided to pro-rate the cost of the champagne among all the Americans on the train, according to their pay allowances.

Three majors, 15 captains, 22 first lieutenants, 172 second lieutenants and 617 enlisted men were involved. The railway employees reported that the morning after the raid on the car of champagne, there was nothing left, but bottles, many of which had been broken.

MAY FESTIVAL AT ASSOCIATE HALL

The annual May festival of the Ladies' Aid society of St. Patrick's parish, one of the most commendable organizations in the archdiocese, will be held tomorrow evening in Associate hall and should attract a large gathering of the charity inclined who are in sympathy with the aims and purposes of the organization. The Ladies' Aid society is essentially a charitable society, organized primarily to be of help and benefit to the worthy poor. Few organizations have accomplished such laudable work and no society is more worthy of support. Accordingly, if the affair tomorrow evening is the pronounced success it deserves to be, the treasury of the society will be replenished to carry on the praiseworthy work of the loyal women of St. Patrick's church. An entertainment will be given and will be followed by dancing.

SUNDAY BASEBALL BILL
KILLED IN HOUSE

BOSTON, May 15.—The Massachusetts house of representatives yesterday killed the bill which would permit amateur baseball and other sports on Sundays, between 2 and 8 p. m., provided that the act was accepted by the municipality, that no admission fee be charged, that no business or other enterprise or collection be carried on in connection with the sport, and that its conduct should be subject to regulation by the local authorities. The vote was 101 in favor of the bill and 123 against.

The debate took practically all of the morning session of the house and some time in the afternoon. A majority of the committee on legal affairs, which heard the matter, had reported adversely on the bill permitting amateur games on Sunday, and the report came up in the house yesterday morning.

Mr. Fairbanks of Springfield moved to substitute for the report of the committee the bill outlined above. The question before the house was Mr. Fairbanks' motion.

The arguments for and against the bill were the same which have been presented year after year before the committee of the legislature and on the floor of the house. Those who spoke in favor of the act were Messrs. McKelvey, Mitchell of Springfield, Gillett of Boston, McDonnell of Boston, Abbott of Haverhill, Sawyer of Ware, Jordan of Lawrence, Sackett of Holyoke, Murphy of Holyoke, O'Connor of Chicopee, Baldwin of Brookline and Kelher of Cambridge. Those who opposed the bill were Messrs. Greenwood of Everett, Boardley of Boston, Kneeland of Winchester, Monk of Waterbury, Briggs of Lowell, and Messrs. Lynn and Gibbs of Waltham.

Mr. Lane of Boston moved an amendment which would give ward option on the bill in effect. That amendment was voted down almost unanimously, and then, by the vote stated above, the house refused on a rollcall, to substitute the bill for the unfavorable committee report. A moment later the report itself was accepted.

The bill to prevent speculation on theatre tickets was postponed until today so that amendments proposed by the committee on bills in the third reading might be printed.

Boston and Maine Bill Passed

The bill to extend the time within which the reorganization of the Boston & Maine railroad might be brought about was passed by the house yesterday. Mr. Jewett of Lowell, chairman of the committee on railroads, had explained the measure.

The bill to change the laws in regard to appeals from decisions on abatement of taxes was rejected.

By a practically unanimous vote the house referred to the next legislature the senate bill for the removal of the superior court of feeble minded persons held for trial.

On the bill to fix the minimum wages of scrubwomen, the committee on bills in third reading, by Mr. Powers of Newton, reported that it was unconstitutional. Mr. Noland of Boston favored the bill, quoting an informal supreme court member's expression.

Mr. Balch of Boston wanted private employment were cut out of the bill would be constitutional. Mr. Noland of Boston favored the bill, quoting an informal supreme court member's expression.

HOW LOWELL REPRESENTATIVES

VOTE ON SUNDAY BASE-

BALL BILL

(Special to The Sun)

STATE HOUSE, Boston, May 15.—Lowell's delegation in the lower branch of the general court split three to two yesterday in favor of the bill permitting amateur sports Sunday afternoons after 2 o'clock. Representatives Brennan, Corbett and McMahon voted for the bill, while Representatives Jewett and Putnam recorded themselves against it. Rep. Henry Achin, Jr., was one of the ten members not recorded. The bill was defeated, 101 to 123.

CONVICTION IS REVERSED

Court Says Members of Bible
Students Asso. Did Not
Have Fair Trial

NEW YORK, May 15.—The conviction of Joseph Rutherford and seven other members of the International Bible Students' association and allied organizations of violating the espionage act, was reversed today by the United States circuit court of appeals.

The opinion states that the defendants who were convicted by a jury before Federal Judge Harlan C. Howe in Brooklyn, did not have a fair trial.

SELF-DETERMINATION

FUND GROWING

Among the subscriptions reported today by Treasurer Thomas J. Fitzgerald of the committee in charge of the campaign being conducted in Lowell this week in the interest of self-determination for Ireland were the following: Patrick O'Hearn, \$100; Peter L. Donohoe, \$100; Sisters of St. Patrick's Home, \$25; Peter H. Savage, \$25; Owen Monahan, \$10.

The campaign is progressing most favorably and with continued support on the part of the public, the committee is confident that the drive will attain its desideratum, a \$10,000 quota, by next Monday evening when the campaign ends. The solicitors are working hard. People who wish to subscribe and have not yet done so are reminded that they may send their subscription to the treasurer, Thomas J. Fitzgerald, at 463 Merrimack street.

Capitulating of the nine teams of solicitors are requested to meet this evening in room 10 of Associate building for a discussion of plans to send the drive way over the quota in the few days that remain.

Urban Crawford, chief of the Boozie Squad at Des Moines, and his men, dug up large patches of ground on the 160-acre Clark farm and secured 33 pints of liquor.

How Much is 1c

Suppose that for one cent you could insure the quality of your cake, biscuits, etc., wouldn't that be real economy?

Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Cleveland's Superior Baking Powder as compared with cheaper baking powders made from alum or phosphate—a trifle, indeed, to insure the quality and wholesomeness of your baking.
